Srimon Narayanasamy P : hey pakkathu oorukara bhaiya, roommate, classmate and tourmate(sometimes-you know what i mean) yes i had lot of memories in IITB and I were there in most of the memories(Vidathu Karuppu). You sacrificed my soft and hard words during this 17 month life(I won't say it is two years.. Fucking corona) thanks and sorry for that. You guys are the amazing customers for my cooking. You are mentally strong, keep it up and your teaching skills are amazing. Surely our friendship goes longer. Thanks for the wonderful memories and support(in my decisions and financial condition). So finally, you asked about relationship tips. Just replace the relationship word with friendship then you will get more.
