Sarvind Rankawat : Panda, polar bear, jetha laal and what else. I have watched many random episodes with you, will always cherish that time par khau Gali firse nahi chalre apan. Tere baithhey Rehne se CSK nahi jeet raha maan le, match fix hota hai Pehle se! Itna karamati hokey bhee tu kaafi innocent hai yaar, tere aur mahender ka bromance kabhee nahi bhool sakta, MM ke tum god hogey par ludo mein tumhara giveup Kara hi diya mainey. Tu apney friends and family ke liye humesha time nikaal leta hai yaar! I am happy kee thhoda bahut contribution mainey bhee diya tere GRE prep mein, ab toh universities ke call aatey ruk hi nahi rahe :P Aisey hi SOP machatey raho and trips ko LIT banatey raho. Good luck for future!

Avish Avinash Wagde : You were always a benchmark of greatness for me, right from the 1st day at IITB. Probably one of the most intelligent people I ever met. Thanks for all the guidance that you provided and I'm telling you I won't Stop disturbing you ahead in life , I will find you wherever you are and disturb you once again 🐱

Somansh Chordia : I never knew I would enjoy so much with you. Mains me pata nahi kaha se aake macha diya tha tune, but after knowing you what's more surprising is uske pehle kaha tha :D. Labs toh kaise nikal gayi tere sath pata hi nahi chala. Haha, CAT se toh mera bhi bharosa uth gaya and I'm sure tu bhi sochta hoga sala mai bhi macha sakta tha xD. You were a precious veg friend in all treats so thanks for that. I have always admired your maturity and the calmness with which you handle things. Kudos to always following your own heart and wisdom rather than succumbing to peer pressure. And the way you keep achieving new milestones while staying satisfied is amazing. I'm sure I'll get to hear many more of them.

Aditya Biniwale : Arpit bhaiyya!! Treats pe toh bahut jokes maar liye ab thoda accha bhi bol deta hu. Kafi admire karta hu mei teri maturity and extremely sensible tarike se sochne ki capacity ko (kafi & extremly is exaggerated just like old times).Tu kafi genuine, discrete and helping nature ka banda hai. And Non-veg khana chalu karde, you are missing a completly awesome experience in life. All the best ! PS: I exactly know what adjectives you intended to use while describing me

Aman Singhal : Sabse helpful banda, god vocab hai jiski. Animesh ka roomie banke aana best decision tha bhai. Mere kitne hi SOP likhe hai tune aur kitni baar resume verify kiya hai. Jabardasti Tech GCs me bhi participate karwa liya tujhse maine . Tu aur koi sports khele na khele Frisbee ke liye always ready rehta tha. Teri convincing skills ka to fan hoon me. Kitni treats dilwayi hai tune <3. Patto ke game to ab tu khud invent karne laga hai. MM me to bhai me tere level pe kabhi ni aa paunga- Master of None ki goli se bachna mushkil hi nahi namumkin hai :). I am glad ki apan ne last me ek trip kiya saath me. Aage MS karega wahan bhi infi machayega tu . All the best!

Ganesh Chelluboyina : Power generation lessons in your room, haggling with taxi drivers at Gokarna, going to random quiz events together, dinner table chats. I'd always find myself coming back to the third wing because of you. I really love your quick-wittedness and readiness to help. Can't thank you enough for all the tips during the GRE! All the best for everything ahead :')

Shreyas Likhhar : Arpit bhai <3! Zindagi me thodi late mulaaqat hui aapse. Aur shayad isiliye zindagi ne apne post-insti raaste jodd diye. Wo Tandaiya sir ki labs me bahut maza aaya tha especially wo vivas and banavath ke answers to forever yaad rahenge. Uske baad to baatein badhti hi gayi apni, placements ho yaa courses ho. Apan to saath hi hai ab to mulaqat to honi hi hai. Bas aise hi machate rehne life me. Lots of love

Rupesh Leburu : Ahh Arpit, the bade bhaiya of the group in the best way. U know your room in H2 was like a temple to us all. Anything academic, ask Animesh and for literally anything else, ask Arpit and you'll know everything. U radiate pure calm energy but when it comes to partying, you'd also have the best time. Which confused me but i stopped trying to figure you out and to just be in your presence and learn. I don't wanna say you're a role model because that'd be cheesy but you're absolutely a role model. Wish we could've had a couple last frisbee matches but oh well. Keep in touch and keep rocking!

Sumanth Kandala : Bhaaiiii! Jaisa bhi mood ho tera, tu hamesha entertain kar sakta hai mujhe! Saath nahi chhodunga tera! Aur infi trips pe jaana hai hume, tere bina toh main bas apne room pe rehta yaar Canada mein! US ka east aur west coast dono cover karna hai yaar agle saal toh! North America ki highest, tallest, longest, biggest, smallest, sab dekhenge apan! Jab NY side aaunga toh paake se mera tour guide banna, but please please iss baar 200 dollar waale elitist french circus mein mat leke jaana :P. And iss baar agar meri visa ki dikkat aayi, toh tere woh embassy waale contacts ki help se kuch jugaad kar dena :P. Always keep smiling! Milte hai jaldi!

Lokesh Agrawal : Kedia ji.. I would say the same ki tere bina mera bhi first year bohot muskhil hota. It was a relief to know that one of my closest school friend is there with me in the college too. And our treats were some of the best I have had bhai. Phir se karte hai kabhi (hopefully). Tu aa toh sahi TT hall me khelte hai phir ek aur match kabhi - Defense vs Attack :p We will stay in touch and all the best for your future bhai <3

Nishant Sunildatta Ganvir : Arpit bhai!! Sabse pehle convo wale freshie orientation me mile the aaju-baju me baithe the. Fir lab partners ban gaye. Kitna patience hai bhai tere me. Mujhe to ab bhi doubt hota hai ki tune mere jaise gawaar ko mukka kaise nahi maara. kitna pareshan kiya tujhe har lab me. Lekin jitni bhi labs saath me thi sab tere hi wajah se nikali hai. Freshie Nagpur Treat me hi decide kar liya tha apan ne ki har treat attend karni hai(for obvious reason). Machau to tu hai hi, bas aise hi thodi kripa banaye rhakna. All the best!! Jai Vidarbha!!

Bhatt Maulik Chunilal : Arpit sir, third year se pehle to janta tak nahin tha aapko aur fir 2 months mai hi kaafi acchi bonding ho gai. Mast aadmi ho yaar tum aur sabjiya badi achhi bana lete ho. Saath ghumne infi maza aaya. Niagara mai jo pizza khane k liye itna chale fir jo BT hui vo kabhi nahin bhul paayenge. Aur uske baad vodka pike jo aap chill ho gae the vo moments hamesha yaad rahenge😂. Also, MacD mai regularly coke pine jane mai alag hi maza aata tha yaar. Aapse har situation mai cool rehna sikha hu. Aur haan aapke saath cricket matches dekhne mai bhi alag level maza aata since we are both Dhoni fans. Yaad karte rehna hume ♥

Sanchit Jain : Someone who believed in me in my difficult times. I have seen you grow from a very humble 'sab kuch sehne vala' banda se lekr fully mature calm approachable wise and 'knowing when to speak up vala' banda. Tera voh "Please" kabhi nee bhool sakta jab sanit ko tere recycling bin me kuch mila tha. Animesh ka roomie bante hee tere acads sudhar gaye and bechare Animesh ke ... I will always remember hamara contrast in taste wrt movies and similarity in taste wrt food. Mess kee discussions and tere room me teri advices., sab yaad rahega. Tujhe award milna chahiye kisi se bhee party nikalvane ka. Tere liye respect hai mere maan me. Also bada aadmee banega tu mark my words.

Atharv Nandapurkar : haan be, literally baju ka room tha, but kuch nhi jante the... thanks for our group floormates & all dinner/lunch/tiffin timings. Yup, ab toh same city, kaafi milte rahenge & bakchodi karenge. Glad that in 4 saal mein ek toh trip ki hai tera saath. Kaafi helpful rehta hai tu humesha, and har cheez ko dekhne ka tareeka alag hai tera. Tere se baat krke kabhi bor honge aisa nhi lagta! Good Luck and dekhte hai kya krta hai tu future mein :p

Animesh Singh : Tu jisse "dwell in possibility" keh raha hai voh extreme optimism hai. The bluffmaster, king convincer of our grp : probabilities pe khelta hai 25 lakh normal zindagi ke liye chahiye tereko Foreign trip toh har saal is extremely normal Grammarly ka bussiness akele thap kar sakta hai tu. Homo sapiens ka Panda hai tu xD... Par joh bhi khata hai khilata bhi hai... I will miss your home-made food, and the fruit baskets that we always had in our room... Keep indulging yourself in your search for dream job as only a few companies deserve someone as great as you... Though jaise tu convince karta hai vaise lagta hai tu shop sambhalne ke liye hi paida hua hai...xD

Vedarth Choksi : Arpeeet! Alag hi machau insaan hai tu. First year ki mentor meets se tujhe admire kar raha hu. All those mafia games jisme tu mafia ban ke poore citizens ki maar deta tha. You going for core reduced my guilt of not pursuing it 😂. Apna college vs opportunity wala late night train discussion humesha yaad rahega. Tere sath debate karna mushkil pad jata hai sacchi me 😂. Mini militia ki infi games me apan same team me the. Infi baar socha kya order kare and then eventually square pizzas hi karte the. Mujhe ab tak nahi pata frisbee ke time itna energy kaha se aata hai? 😂 Wo case study ke time Amravati nikal gaya tha uske liye mai maaf nahi karunga. Anyways, Pune mere ghar aana pakka! 🙌

Arsh Akhtar Ansari : I remember our first interaction, we were talking about carpe diem and last of mohicans. In 2nd year ,as wingies, interaction increased and my invasion of your schedule and space too. Your ability to go from logical in conversation to emotional in board games is just hilarious. Interactions with you could be about nothing to everything, from vague to personal, from boring to intellectual. Your movie and show knowledge is beyond par. Finally jo bhi uni m jaana machayega to h hi tu bas apne nana ka support rakhe rehna humare kaam aa jayega

Shubham Goyal : I guess wing ke har bache ke lie major part me copy paste kar sakta hu , sorry for not interacting to you all till majority of my 3rd year, but thanks for being such awesome juniors and wingmates in my fourth year , sabh kaafi sahi the, kaafi baaate hoti rehti thi, akele fourthie ka mann lagaye rkhte the :p baaki itni tension mat lia kar,tum log padhai me kaaafi ache ho tum dono roomie se to mujhe complex hota tha, i know kaafi machaoge tum and you will be the people jinki vajjah se i will have a junior wing to come too, though apne last sem wing me games khelne ke plans the,but nvm haha, and thanks for room ka adjustment too , and ya kabhi bhi kuch bhi baat karni ho feel free to approach :P

Praveen Saran : Kedia! Bhai tu nhi hota to placement stress nhi jhel pata. Jab bhi give up huwa sidha tere room aata tha and u were always there to listen to my RR. Infi BT sunne ke sath SOPs likhne and apti tests mai help kri vo alg. Dil ka bhut achha insan hai tu. You always cared for the entire wing. Respect for your quant speed, use kro usse knhi life mai. Machau to aap ho hi sir, Bajaj mai job and 2-2 universities ke offers (vo bhi accepted, LOL). Tere sath trips krke infi majja aaya bhai. Challenge fir se bs biscuits sath mai rakhna and parathe mat khana :)). Or haan chat krte time kisika naam dikh jaye to sbko nhi btate :(

Vinayak Gupta : yo kedia, the most persuasive guy i have ever seen. Tu nhi hota to mini militia main itne log ikatha krke itna nhi macha pate. i will miss your arguments :p and interaction with your best friend. The only guy who has guts to talk to professor (u know what i mean) machaega re tu life main!!

Mahendra Singh : Bhai shuruaat to bhhed chaal se hi ki thi but najaane wo konsi chingaari thi jiski vjh se chitte ki chaal se bhi waakif krwa diya. Tuje fighting ke baad regret or ghusse me dekhne ka mja hi alg tha. Tera movies recommend krna or mm or avi avi year book ke liye mnana yaad rhega , or tere intern, job, MS, hair loss almost saari baato pe rona (illegal and successful weapon) hmesha yaad rhega. Marriage ke card ki jgh pizza ke pics bhejega to milne ki jyaada possibility rhegi. Bs jha rhe aaspaas ke logo ko khush rkhnna Bhai..... Jai Siya Ram

Yash Lakade : Kedia, kitna mc hai tu (not a joke, dil se bol rha mai 😊) I guess all the ridicule you subjected me to, be it branch,acads,etc was given a tight slap in the face by my placement 😊 Bohot bt di tune meko bohot jhagde kiye but I guess in the end that's what made our bond unbreakable. You were probably the first one who could speak with British invaders, cause to have a command like yours on the language might take 300 years. You truly are a genius. Tbh you've helped me a lot in these 4 years, thanks for being honest and pointing out my qualities, whether good or bad. Apni saare problems share karta hai mere saath, I'll always be there to help you sort it out. You've got a friend in me♥

Mufaddal Bhanpurawala : Well when we first met, I thought two people can not be more different, eventually I was wrong though. I've always enjoyed talking with you, hanging out with you. I wished I could have at least tried some items on your bucket list. Well surely later then. PS, I still despise you for stealing my roomie

Ahsan Aslam : Oh man!! I remember that night as if it was yesterday..I think it was the last domino's pizza I could order into IIT.If I caused panic for you at the hospital with all my descriptions,which I think I have,I am sorry for that.You are one of the most straightforward people I have met here,having your own opinions on most matters,which I really admire.I was always relieved to find you as a co-mafia member during the game,because of your argumentation skills,so I wouldn't have to do anything..which I always have during the game. The fact that we didn't spend a lot of time together is entirely my fault and I will make up for that.I never knew you felt that way after what I did.I'm glad.Never change

Harshit Sanjay Kothari : Hello sir. Calling you sir, because you have always been like that for me. Branch change se leke grad school tak, sabki advise li hai apse. Thanks for everything. You've always been great to talk to, and a good mentor. GRE mai bina padhe kaise 335 lana hai ye bata dena :p Might just go to grad school together. So, let's see. Waha pending treats lunga. Hope to stay in touch. Good luck!

Sanit Gupta : Kedia achhi baat hai tune first year ke baad pondy bhajan dekhna kam kar diya. Pata nahi kya hota tera otherwise. Jab bhi Naman, Animesh tu aur main baithte hain, entertainment humesha bahut achha hua hai. Machine design ka project tere aur mere bina pata nahi apni team kaise kar pati. Columbia main machayega tu I am sure. Take care bhai and keep in touch
