Web and Coding Club

Yearbook
2020

Aryan Aryan : Yo Ashish Mittal!! Will miss those wing meetings that we had in your room!! Thoda rona kam kar de XD. The only guy who has potential to beat GD in debate. I'll miss messing with you XD. Keep in touch mota bhai! Agle baar milne pe Age of Empires sikha dena mereko 😂😂 Cheers to all the good times!

Harshwardhan Mourya : Ashish boi, its was always fun (okay not sometimes 😊) to discuss something with you... But really those logical discussions were actually kaafi thought provoking, introduced to a lot of newer perspective on things. Thanks for bearing with me on DIP project even tho mene kuch kaam nahi kara tha 🙏. And watching you playing civilization and total war was kaafi sahi... games bhi bade discuss kare hai apanne. Aage bhi yaad rakhna boi, And Machanyenge

Navnit Kumar : Mittal Sir ab aapke liye kya bolun. Bs apna aashirwaad bnaye rakhein isi trah. Cheers

Kumar Ashutosh : Yo Ashish! You were the first non-EE friend I had in insti. You were the first person in insti jisko dekh ke lagta tha yaar ye to humare saath hi padhta hai fir bhi kaise itne marks aa jaate :P. First year wing was fun. Coming to H7 wala Ashish, I can still argue with you over your political views and would enjoy it. Many times, these discussions went for over an hour without a conclusion. Best of luck and stay in touch. Would love to meet you again before you leave insti and have a final round of political debate :P

Syamantak Kumar : Yo Mittal sir _/_ Bro apan ko mile kaafi zyaada time ho gaya yaar, I think 8 years xD. But I am glad I am your friend dude! Thanks for the infi times I called you when I needed motivation! And cheers to the very few times we want to play squash together :p. Bahut mast hai yaar tu, hamesha help karne ko ready rehta. JEE ka time to mujhe pata hi nhi kaise nikalta agar tujhse na milta to. Always be as humble and helpful as you are bro! I'm sure you'll achieve success wherever you decide to go. Needless to say, we'll definitely keep in touch. All the best bhai 😊

Rupesh DNE : boiii, you are so so much fun and sport. All the discussion and debate on the dinner table with actually putting genuine points ahead after research, I used to learn a lot from you. Also after the debate, you forgot all the heat and just stayed a friend all the time. So awesome. Shi hai yaar. Jo bhi ho, Dhoni should retire :P

Yash Shah : Yo Mittal boi! Although we lived on the same floor in H16, I don't think we interacted much until code.fun.do and CS152 happened; I still remember the long discussions we used to have on your tower defense game. Next year se to almost daily aapke mess-table-debates experience karne ko mile (politics and sports being the hot topics), and honestly I learned a lot from them. Will be missing ordering from Box8 (among others) with you :P Bangalore me milte rahenge. All the best aage ki journey k liye!!
