Naman Chindaliya : You're one of the closest friends I have ever had. I love your passion and motivation. It's always a pleasure to talk to you. Also, I hate it when you go on blabbering the spoilers. You are one of the most determined people I've met in my life. I remember our trip to tigers nest very well. xD. You so small... yet you had a big impact on my insti life. We be pals till we meet on the top of Bhutanese mountain as monks <3.

Veerupaksh Singla : Chotuu! 2 chai 😊. Remember apan ne 2nd year me new year kaise celebrate kiya tha Myur ke saath 😊. Fir tu us din security ke darr se jo bhaga tha 😊. But bhai itne saare courses sirf tune pass karaye hai doubts solve karke. Koi aisa course nahi jo saath na pdha ho apan ne! Tere room pe infi time pass rajguru, pable aur jaipurkar ke saath milke. There birthday pe wo email jo likha tha 🤔. Ab to ivy league ja raha hai, best of luck!

Atharva Jaipurkar : No memory of chemical without be complete without you nigga! Tune aur veeru ne mujhe itna padhaya hai jitna pure profs ne combined nahi padhaya! Thanks for that man♥ Tune toh bhai pure pure asg karwae hai mere! Chemical bahot different hota tu nahi hota toh! Tera har course ke start me proclaim karna ki "isme toh pakka AP hai bhai" hamesha yaad rahega 😊 Tere sath infi maze kiye hai, bakchodiya ki hai, Bhutan me bhi bahot feel aai thi bhai 😊 Tere birthday ke din thoda zyada hogaya tha, but woh "ripping apart" mai kabhi nahi bhul sakta 😊 Handa ke sath exams ke pehle Amyway Bantai ke gaane sunke "machanege machange" chillane me bhi feels thi 😊 US jaraha hai toh waha khud ko chota mat feel karna, dil se kafi bada hai tu 😊 aur kisiko galti se nigga mat bol dena, pit jaega 🙏 Baki mast research kar, message karte rehna US se! Aur ha bhai abhi Sharp Objects faat se dekh lunga♥

Himank Jain : Aye Chotu r*ndi, wingie ka sabse r*ndibaaz insaan. Do you remember how I bring some doubts to you and you pour in all of your ancestor's knowledge about that topic. Insti life hasn't been nicer to you always but that doesn't stop to you chase whatever you want in life. You always come up stronger each time with more confidence and determination than before. I will miss those TT matches with you and top spin rallies. Let's play our next match soon and get ready to lose it this time :P

Harshit Handa : Kulkarni bc 😊, mera aadha acads tune hi sambhala he 🥰🥰. Jo tu har semester ke start me, har subject me AP lane ka confidence rakhta tha vo humesha yaad rahega 😂😂. Room me tere sath enimey bantai ke gane bajana, machaenge machaenge chillana, bobby ki g*nd marna miss karuga 😊. Tere bina wing ki bakch**iya incomplete he 😊. Kaafi chill bandha he tu. Ab to launda MS ke liye jaega. Vaha bhi machana and milte rahege ♥.
