M Arun Kumar : Any doubts in any Code, Concept go to him. Plays lots of sports even the best players on ground can't compete with him because he plays on computers. Programmer, gamer, topper , binge watcher (hope the content creators keep up with your pace) and list never ends, simply speaking you are the superman of our group (off course with tummy :XD). Makes life easy for others with his work. Rock on Anuraag, never stop.

Kurapati Hitesh : No one... Literally No one: Let's play a game(Chess, DOTA what not)...Have you seen this series? ..I want to buy snacks for binge-watch!!! Anuraag the talented one. May your commitment to morning breakfast survives :P RIP to your passion for playing physical games and running shoes. Your laziness brings a way better version of you to the world. Note: Your homework(revising previous movies) for a new movie in a series is outstanding. LOL Miss you ra... Namma Bengaluru

Swati Meena : wake_up+ (if breakfast==south_indian_dish: eat**1000 else: also eat**disappointment)+PC_lab(no_bakar)+return_h18+order_south_indian_food+sleep=Keep_it_simple.

Patil Akhilesh Subhash : Personal Time . I learnt concept of "personal time" from him. Work life balance guy. Smart worker. netflixer. Generous person. Helpful guy. Really, his unconditional help to everyone is what made me get influenced by him. Helping others without expecting anything back from them is what I learnt from him. I am really sure - you will do good work in future. Git lover, Documentation king, Gamer, Programmer, smart thinker, topper, Movies, mujhe ghar jana hai, mujhe yaha se nikalna hai bus, Hyderabad lover, unhappy with mess food :P. Lucky be be your future colleague. But Hyderabad bhag mat jana jaldi, stay some years in bangalore so that I can learn more from you :) .
