Ganesh Chelluboyina : Yo Pravin! You're that gem that makes one wonder how they never found before. Very kind at heart, humble and down-to-earth, and never goes to bed late. You're the guy my parents can't stop mentioning to me haha! I already miss your great advice and the soft 'ganya' you'd murmur to wake me up before class. Also the jokes and chatter we'd share sitting in your room. I'm so proud of you for having the courage to study what you love. Enjoy your last year in insti. I hope to see you around again mate, wherever you are!♥

Pushan Bal : Praviiiiiiiiin! How you manage to do such great things and stay humble and down-to-earth, I will never know. The most disciplined and dedicated person I have ever known. You inspire me to do great things. A constant in my honours courses, you have cleared my silly doubts countless times and prevented me from making a fool of myself in front of the whole class. You even brought medicines for me when I burned my finger all the way from YP gate. I have honestly not known a more selfless guy. I am sure that our paths will meet sometime in the near future. I hope to meet you unexpectedly in some conference. :D Cheers!

Amit Gangurde : Pravin sir!!! I was so glad when I came to know that we were going to be in the same college and department. You are without a doubt the most hard-working and humble person that I have met in the insti. I wish I was as sincere as you. ED and all the lab courses were pretty chill because of you. Also thanks for clearing so many doubts that I had. Ani Behere chi kay gheto yaar tu 😂😂. You are an inspiration and you will definitely achieve some big things in life 🙌

Aayush Anurag : Pravin, you were a Sir to me these 4 yrs in the insti & Forever Will be. Bhau, tumne itni jyaada help ki in Acads from Notes, Assignments, Lab Reports, Course content & doubts. Bro itna hardworking, disciplined, machau kaise ki Prof ne dobara Taiwan bula liya. Seriously I've no idea tumne kab time nikal kar itne research paper nikale. Elec DD 🙏 tmhare Room mein enter karne par woh Headphones lagaye Laptop pe kaam karta sight and mere room se 1st wing aawaz lagana, I won't forget. I'll miss woh conversations jab hum dono ek-dooosre ke baare mein pura badha chadha ke (main toh sach bolta hu XD) bolte the. Taiwan jaane se pehle jo advice diye the, PhD jaane par bhi yaad rakhna 😊 & milta rehna.

Mahajan Devavrat Shailesh : Tu an Hrushikesh two in one ahat rao. So please read all that I have written for him, I think all of it applies to you too :P Apart from that, ek hi bar life me itni zaroorat padi thi teri, probability ke course me. I'm really thankful ki pass ho gaya and you helped a lot.

Ashutosh Kumar : The most sincere, hard-working, focused...all the words like these are less for you. Ek baar ke liye Hrushikesh ko meine random chize karte hue dekhi hai but not you, par aajkal ye stickers ka trend acha hai :P Kaafi Lit stickers banare ho 😊. How can I forget mess table pe baith ke courses and Prof ki bitching karna and yesss agar koi class miss hui toh I knew kiske notes lene hote the❤ Kaafi machaya hai Pravin tumne....from all those conferences, intern, itne saare papers and then Elec❤Insti ke sabse "Lit" Dept se actual Lit. Dept. mein gye..... All the best....aise hi machate raho

Rishabh Raj : Ah! Pravin sir! Never seen anyone so humble and down to earth as you! Have absolutely loved your dedication in what you do, since day 1. In our 1st year too, coming to your room and gossiping with you and Hrushikesh was like a stress buster. I do remember your inverse sleep cycle! You deserve whatever you have achieved and hope you continue to scale new heights. Playing Holi was super fun that day. (Others reading this, be careful though! This guy tried several times to assault me that day :P!! After several pleas, he let me go! XD). Hope you put on some weight soon! Best wishes and keep in touch!
