It would't have been possible for me to go through these 4 years without you.

Veerupaksh Singla : Umang Chadkfldbehdjfk. Tune kaafi patience se chamkaya to pronounce karna aa gaya ab, maybe 😊. Apan bohot issues pe agree bhi kiye aur disagree bhi but mutual respect bani rahi 🙏. Tere saath rehke kaafi self confidence aaya, logo ko vapis kaise sunate hai ye sikhaya tune 😂. Team trips waali masti aur senti. Saath me party and apne night sessions, especially Manik and Kadam ke saath. CAT ke time kadam ki lena 😂. Kaafi memories hai broo♥

Chirag Singhal : Heyyyyy.... If there is just one person for whom I could say "Tere Bina Mera Kya hota" then that sole person would be just you... You taught me smallest of the things without judging ever... Thanks thanks and thanks for everything dude!!! ♥

Shruti Iwanati : Umang Chh...xyz :P The only person in the team who was motivated to keep the entire team professional. I know we had our differences but in the end, all it all worked out. I'm glad to know a person like you. I admired your ideas and knowledge. Keep in touch bro and stay happy.

Animesh Singhal : Do you even remember how we met in the summers after 1st year in H1 canteen XD? Dude, that discussion over the breakfast during the placement semester changed my whole perspective. The confidence that you radiate is truly priceless and you have no idea how much you've inspired me. Lucky to have met you and would really cherish all the discussions we've had in the mess. Really happy for you for your grad school! I really wish to stay in touch with you mate <3

Navoj R : Our wing would have ended probably boring without you. Thanks to you we were able to go on on very first and probably our last wingie road trip. Glad that it happened. Can't forget those *weird* conversations in our second year at H5. Lol. Keep in touch bro!

Aditya Kasture : Bro! If ever a face can be assigned to the most dependable person in the institute, that'll be yours, no questions asked. Right from the moment jab hum logo ne tujhe wing ke intros me dekha tha tabse hi hum sab log ko pata tu bht close hone wala hai sabke. Sober memories, not so sober memories, hell we have had our share of memories haven't we. As a wingie or as a friend, I am glad that we are as close as we are. Deck 16 will keep us connected hamesha, so I know we wont lose touch but surely you will be missed as the best organizer, planner our wing could have ever had! A road trip is still pending though! Cheers!!

Anav Agrawal : One of the seniors from whom I got to learn the most in insti! Aapke liye meri senti ke mentions pata nahi kon konse mails me hain (:p) Day 0 subah ki Maddy mess, H18 rooftop talks.. aapke wing corridor ke long discussions (:p) will be unforgettable. And aap March me treat dene waale the :///

July month ka call jab ek bhi deal nhi hui thi and I was like nhi hora umang, and aapke motivation ke badki fight and conversions are one of the distinct memories for life. Your ideas, insights and thought process are astounding, and these coupled with your readiness to give teeps and treex has resulted in days' worth of recordings :p I'm sure I can learn a lot if I listen to those conversations even 5 years later. Jyotirmaya Mahanta : Umang! 🌈 I first met you when our team was gonna be announced and we were waiting outside ecell room. Listening to you talk I could feel you beaming with confidence, knowledge and enthusiasm. Over the years, I have always admired how you stand up everytime for what you believe in, when mostly I chose to remain silent. If I have changed today, I owe a large part of it to you. Through good and bad times, we had our conversations. I will remember those. Kaafi plans cancel hue hai hamare. I regret that. But I am glad that over the years, we've never failed to catch up with each other. Hope that doesn't change. Jordi loves you infiiiiii.♥

It tells me I'm a 'moti', how I'm extremely un-funny at times and also revises the many things I've learnt from you The first group outing where you lost your phone and where I ate my first Ramen, was also when I made some best friends. I know these memories are dusty, for we've not been in touch lately. I really want the Meenasses to be back again. I miss you guys. Stay in touch, Umang!

Praveen Saran : Umang! You're one of the most enthusiastic people I have ever met. Hats off to your efforts to encourage professionalism in the team. Even though we didn't interact much, jab bhi baat kri hai it was always fun. Have a lot of respect for your attitude of supporting the right irrespective of which side you're on. It was a pleasure working with you. All the best for your future endeavours :)

Hritik Mehta : You were the one person who'd always be there whether I'd need something or just someone to talk to. I'm glad we met and I'm glad we were friends. We had so much fun together in the first year hostel wing from playing cricket in the middle to blasting taheer shah songs to annoy others. That one year in deck 16 with you, manik and gunjan was the most fun I had in my stay in insti and i'll always remember that. More than anything i'd always remember coming to you panicking about things and always leaving with a sound mind. You had a positive impact in my life and I learned a lot from you. Keep being awesome like you always were. P.S. I'd beat you in FIFA next time
