

RUTTALA BHARGAVA SATHISH

Metallurgical Engineering &
Materials Science

Yearbook
2020

Goru Meher Ritesh Kumar : Bhargav!! you are one amongst the few anime friends of mine. I enjoyed watching and discussing anime with you. Remember how I used to come to your room and ask you to spoil me on airing anime (Since you've already read the manga)? You are a nice and humble person. Best of luck with your job and let's catch up post lockdown :)

Aayush Anurag : Bhargava Bro, Cricket mein tumhara bowling aur bowling action bhi, dono bahut mast hain. (Dept cricket mein woh match tmhare wajah se hi jeete the). You're a very calm, down to earth and thoughtful guy, and surely one of the constants whenever I headed to Hrushika & Pravin's Room. Bro tera career toh alag hi trajectory mein chala gaya 🏏 GATE deke Govt job lete hai apan 😊. Hope to Stay in Touch.

Amit Gangurde : Bro!!! Had a really great time with you during the internship. Thanks for saving me; whenever Pandey sir asked where I was and you would say he is studying in the library 😂😂. You have a lot of knowledge about cricket and tere saath wo discuss karne mein bhi maza aata hai. I will never forget how you said "aareyy" whenever your wicket fell 😂. Hope you achieve loads of success, and stay in touch!

Chinmay Kalra : Sathish anna!! Sorry I don't call u Bhargava, cause that is reserved for H4 ka Bhargava. We have always addressed each other as 'Anna' no idea why. Bro, u are a really cool and fun guy to hangout with. And our HS 423 'Lassanwala' presentation with Gangurde was really fun. Aage bhi aise hi chill rehna. Thanks for all those memories!!

Yagna Teja Reddy Velagala : Hi ra! yedho okati raayalanta ikkada, andhukey idhi raasthunna....nee pelli pilavatam marchipoku....unta mari...bye <3
