

ANANTHA SUBRAYA HEGDE

Metallurgical Engineering &
Materials Science

Yearbook
2020

Aman Sharma : Hey Anantha! That first year would've been something completely different without you. Just the most dedicated person I know and love whatever you do. I'm sure you'll do great ahead. Take care!

Prakriti Mehta : Kaafi fun senior, inse pehli baar kurta day par mile the, aur fir toh Inter IIT ki prep ke dauraan ye mess me dikh hi jaaya karte the. We didn't spend much time though, but ig abhi ek saal baaki hai, hoping for some fun memories in future. see ya post lockdown:)

Saral Mittal : Yo Ananta, Insti k sabse zyada calm aur composed insan ho yaar aap O:) Those cover letter they really worked a lot. Random philosophy sessions in mess and UK were just litt XD. Thanks for all the tips and trixx and all the support during internship season.<3
