**Saurabh Kawale :** You know Srimon I am always biased whenever I have two buddies from same region. This time this bias is for you. May be because we both are from village. I always feel attached with you. I may not have share study hours with you. Was not there for few parties but I always cherrish this bond. Because of you I met some of good friend like Gowtham. Best part about you is your energy. And not to forget your cooking. Thank you Srima for beautiful memories. Our streetplay, your motivation to get PG convener post and all other thing I am in debt for. Hope you will remember me for longer...

**Sethu Prasanth Shanmugam :** Sriman - My first friend and roommate at IIT. One of the good hearted and bold persons I have seen in my life. We had a lot of fun at C003 that I will remember for life time. Mainly cooking by you and gowtham are the best part in first year. Whenever I wanted to share something personal or officially, you were the first to hear and I hope we will continue this bond forever. One last thing I wanted to learn from you is how to maintain relationships with 3 to 4 girls at same time without any issues.
