Mookund Sureka : We have always bonded over Tennis. Hopefully Federer wins another slam soon :p and we get to play again sometime. H6 ke water cooler talks sahi the kafi and all the best for the future!

Abhishek Singhal : Nimit bro!! Tere saath last year mai bahut mazza aaya yaar. Mast banda hai yaar tu, easy to go and chill out types. Tere saath coursework share krna was fun lol. Apne woh Girish ke course mai piche baithkar tp krne mai alag feel aati thi. Patte, baddy aur cricket mai bhi bahut mazza aaya. Bas thoda aur acha seekh le patte khelna (esp poker lol). Exams ke time teri thodi phati padi rehti thi but still see we got through all of that shit (bas yeh ddp aur sule ka assignment bacha hai haha). Tera finance mai enthu badhte dekh kafi sahi lagra. Atleast i got a friendly companion to support me. Dude apan finance mai bahut macheyenge bas tu japan jaake full tech mai mat ghus jaana. ATB bhai!!

Satyam Mohla : From branch changing together from D2 batch to working under the same guides for thesis, we've come a long way, and you are the most chilliest gujju man (wait are all gujjus chill?) Thesis me to apan machaenge hi, japan me bhi phodenge! looking forward to our adventures in tokyo man.

Pranav Sankhe : Hi Nimit! Apan ne bahot jyada baat nahi ki but jitni baar bhi ki dept mein mile mast lagta tha. Kaafi pyaara banda lagta hai tu mujhe and stay the sameee! Best wishes and stay in touch :D

Rohan Pathak : Bhai Nimit, kitna jyada cute hai yaar tu. And maine kitna jyada pareshaan kara hai tujhe 🙏 Bahut maza aata hai tujjse baat karne mein. I feel we have a loot in common and you get what I think or say isliye aur bhi banti hai. And THANKS A LOT for playing Tennis with me warna kya pata kab khel pata XD And aise hi mujhe bhaav dete rehna and bhulna mat :) P.S I can teach you how to serve, you just got to invite me to play haha :p

Pawan Kumar Khanna : Yo Nimi.I got to know you when I made the mistake of being in the same group for EDL.Tere project selection skills over ambitious hai(seriously barcode scanner??).but apart from that and some irksome guju things(like continuously hitting lobbed shots when you are afraid of the opponent & about to loose & treating your friends at Kanjurmarg vaale eateries & then walking all the way back to hostel instead of taking an auto) you are an unbelievably caring & sweet person.I am glad that I had a very positive influence on you like introducing you to football, making you a LFC fan and convincing you not to watch bhai movies.Japan ja ke macha de & improve your tennis skills for the next time we play

Dhruvin Mehta : D2-T4 se leke PT Cell and finally the final year TAship.... Kaafi baar randomly mile hai and I hope future mein bhi aise hi milte rahenge. You're an awesome guy and I wish you all the best for the future!

Anand Naik : Nimit, got to know you well only in the final year even when we didn't have any common courses, just talking with you was interesting. Got to know about your enthu for trekking and finally we managed to go to Kamandurg but couldn't finish the trek. Now that you will be going to Japan, it will be difficult but I still hope that we can complete that trek together sometime in future!
