**Ganesh Chelluboyina :** I must be truly blessed to have found a friend in you. It's a pity 3.5 years must be compressed into so little! Living next to your box-room in that cozy corner of H2 in final year and the long talks and heated debates are eternally etched in my memory. Strolling on Gymkhana grounds during internship nights. Doing 'technician ka kaam' at you know where. NCC council me masti. Using my balcony for you know what 😊 I've rarely met someone who had his priorities set in life and knew exactly what to do. Par kitna mugta hai be tu. Kabhi maze bhi kiya karo. Holi bhi nahi khela. Aarey cycling ka tho chhodo. All the same, I've always looked up to you and will continue to do so. Hope to see you in US!

**Pushan Bal :** You are the most hardworking, caring and open person I have ever known. I will never forget the time I burned my hand and our trip to the hospital. Yet you manage to stay humble. You have broken norms time and again in our department and I would love to hear about your progress. Stay in touch always and I will also hope to unexpectedly meet you in some conference. Cheers!

**Ajay Dangi :** Tum jitne hamare pass (figuratively) ho, utne hi humse door rehte ho (literally). Kyon ye karastani tum chod na dete ho. Hamara ye safar aagaya hai khatam hone par, kya ab bhi road trip par nahi aaoge hamare bulane par. Mujhe hamesha se pata tha ki tujhe karna hai DD, isliye tujhe protsahit karne ke liye Mene kiya wo natak, kar dena maaf mujhe o hamare buddhi, taki Bana rahe humare ye safar sarthak

**Arpit Kedia :** Insti life mein tu aur lakade, sabse bade support rahe ho mere. Main kitna lucky hu ki apan insti aaye warna mera perception kitna galat reh jaata. Tu jitna caring aur helpful hai, utna hi unpredictable aur funny bhi. Apne late night walks mein aisa lagta tha ki life sahi hai. Tere jitna focused banda nahi dekha, sab distractions chhod ke success pe success leta hai. Tu ne single-handedly mera core ka enthu jagaya tha, par I'm relieved ki dual convert hone se bach gaya xD. Tere fundae kitne hi weird ho, kaam karte hai. Khudko underestimate mat kar, for you sky is the limit. Tu true friend ka definition hai. Pura toh likh nahi paunga. And like, share, subscribe ke alawa bhi baat kar liya kar!

**Aayush Anurag :** Hrushikesh bro, beside being a fan of your dedication towards research (khudse hi 3 intern lagwane wala 🙏), I am more of a fan of ur changing looks with coolest hairstyles, beard styles, the way u are always dressed up & your ability to impress all female Profs of Our Dept. Jab tum koi concept ko persistently explain karte ho ya phir kisi Prof ko ridicule (Rare but happens), dil khush ho jaata hai. Meta mein toh tera enthu 0-10 mein Bhanumurthy hai aur bakchod baaton mein Narsimhan. 2nd Floor pe jab bhi aaya hu, tere room par hamesha gya hu (3/4 times tu rehta bhi nhi tha). NCC cadet, tumhare mein bahut energy hai jo Cricket mein dikhti. I'm already proud of you, bas jaldi se 3-4 paper chaap.

**Prashant Jorwal :** Tune mauka hi nahi diya memory banane ka bc 😂. Life me Sorted rahna and priorities set karna koi inse seekhe. Prof ke ghar ka khana to tu kaise miss kar sakta hai. Kaash ek summer aur saath me insti me hote to bahut cricket khelte. SPY pe active rahna, fun ki guarantee main leta hun. ♥♥♥

**Arnav Tapan :** Hrushii!! The gentleman of GOH, will be remembered for the Guard command which I can still recall in my mind, "Guaaaaarrrrrrddd!!!" Tere academics ke pyaar ne tujhe mujhse dur rakha most of the time but jabh NCC me humne milkar kuch kaam kiya hai tabh wo professionalism dikha hai. Playing cricket was fun. You're a stubborn guy into academics, I wish you achieve what you're aiming for. All the best Hrushi!!

**Satyaprajna Sarthak Sahoo :** Bhaaai.... Mast aadmi hai tu. I believe you have the perfect combination of discipline and bakchodi in the institute. Tere se bohot baate ki, tere advice se mujhe kaafi baar fayda hua hai. Our trip to the top of the hill on Republic Day ro hoist flags aur fir Vihar lake ki safar will be the most memorable moments I had with you. Waise this is a bit wierd since hum dono ek saal aur is insti me rahenge, but abhi situation predictable nahi hai so I thought to just get on with it. I've always considered you an achiever with a brilliant sense of mind, and I'm sure tu boht machaega life me. Here's to hoping we'll still meet after graduation, in an unknown time and an unknown place.

**Mahajan Devavrat Shailesh :** Professor Hrushi bhau, grateful to have known you. Itne jaldi research hi karna hai life me ye declare karne wale tum hi rahoge. I wish everyone was as clear in their career planning as you. Mess mdhe muddam marathit bolun non marathyanna tras dyayla mja yaychi hope we can do it again :P Contact me rehna, tumhara channel to mach hi raha hai YouTube pe hope to see more of your awesome videos soon!

**Ashutosh Kumar :** Hamare Dept. ke sabse jyada Dept. senti bande ho tum, har chiz mein kuch insightful and useful kar hi lete ho and your dedication towards research and acads \_/\_\\_\\_\\_ Dono roomies aapas mein hi motivate karlete ek dusre ko♥ But yes meta ke har female Prof. ke saath kaam toh kara hi hai tumne😂and we all know who is your all time favorite :P All the best for your future endeavours.

**Rishabh Raj :** Hrushikeeeeeesh!! In our first year, I used to observe that you always had a look of concern on your face. Maybe it was academics... but you certainly have changed over the years! At least your hairstyles would suggest so :P! Now it seems you are more easy-going and lively! Sorry ki itna pareshan karta tha first year me. Tumhare room me aane me bada maaza aata tha :P. You and Pravin have each certainly had a positive impact on each other! An honest and a hard-working person with , hopefully you have a wonderful career ahead of you. Best of luck and keep in touch!
