Aditya Tapase : Hello Kethan, bhai apna 1st yr pura sath mein nikla. Apne wing mein tere sath mast bonding thi meri. Late night canteen bole toh tere sath hi jana hota tha. Bohot maje kiye be us time. Tere room pe gappe, gaane bajake bakchodi. Insti ke slangs ka majak udane mein 'infi feel maxx' aati thi 😊. Apna courses ka prep yaad rahega. PH108 ne mast li thi bhai apni 😊. 1st yr ke baad bohot kam mile..par jab bhi mile tab bohot gappe maare. Tu dikhta bohot serious hai, par bohot calm aur cool rehta hai. Happy to see that your well-set priorities and hardwork paid off in the form of your excellent job placement. Meri posting HYD mein hai. To milte rahenge apan. Dilsukhnagar ki sair karke aate ek baar 😂

Shubham Anand : Hey biswa.. I am glad that I had you as a mentor. I learnt many things from you. You are very hardworking and seeing your interest in CS is great. Will miss talking to you in mess and you giving tips. Finally got that treat from you lol. All the best for future and achieve your goals. Apna last sem ka fitness program fail ho gaya bas. And I really enjoyed the tenure with you and Abhishek. Hope we remain in touch.

Aashay Biyani : Kethan!! From dancing with you and winning Gyra to learning about epic stories of your internship and placements, knowing you has been fun. All the best for future

Neeraj Sohani : Itna formal post likha mere lie bhai tumne xD I'll have to compensate by keeping all the informality here then. Tere saath mujhe hamesha maze aate the bey Kethan. Tujhe bina baat har bday pe peet dete the first yr me (sorry :P), teri hyderabadi boli, tere room pe random batiyana, aur bhaiyya tumhari random kahaniya. Apne freshie year wrestling ka video abhi bhi pada hai mere paas xD Aise hi mast maula raho tum miyaan and khush raho zindagi me. Phir milenge achhe se kabhi na kabhi life me. Dhanyawad itni saari haseen yaado k lie ^_^ #mautDaalDenge

Abhishek Singhal : Hello Kethan!! , At first I thought you are a very serious person but after our interaction I found out you are really chill(specially after your and surage's conversation after wing treat :P). It was really fun and learning experience working under you. You always had a very different perspective of all things and that has been a very learning aspect for us. And Subham sahi bola hai, you look like Biswa xD. Thanks for the treat and stay in touch!!
