Pankaj Kumar Sahu : Hi Shobhit! You are the person with a kind heart, full of dedication towards academics and i have never seen a person with the level of dedication you have in my life. You are also helpful. You helped me many times to understand so many concepts. I have remembered the time when we (you, me & Ratnesh) were in the team of the course project of Integer Programming. It was a great time for me, working with you. We interacted a lot at that time. You also helped us in doing course assignments. You are very very nice by soul (Literally a pure soul). I feel proud to have a friend like you. All the best for your future. Be in touch. Take care. Love you Bro. Thank you Shobhit Mitra!.....

Jaideep Singh : I never thought that i would see you active here. Anyways, Of all the conversations we ever had, i just remember of being afraid. Whenever talking about studies, I seriously didn't want to sound stupid when i was talking to you. However, you have been a charm. At times in first year most of us were depended on you for the assignments. I wish you had come to Goa. Either ways, you have been awesome. Thank you. Shaadi me Zarur bulana. pls.

Vijay Sharma : Shobhit bro!! You are literally '👉👉👉👉👉👉' from your heart, brain and your appearance as well. We usually used to meet in H14 canteen during lunchtime. I often enjoyed talking with you. I hope a bright future ahead for you. Love you ♥

Ankit Raj : Hi my silent bro!! Ahaannn!! Tere jitna sincere banda bahut muskil hai dhundhna, still we got one. All of a sudden hme ek badminton ka pro player mila and wo khelna that was memorable moment. Tune always sabki help hi kari hai, no matter what. Assignment, exam kuch bhi nhi chora. Hard working baccha. Kaafi mehnat lagi tumse itni baatein krne me but now you are pro. Abhi to orr bhi parehan krna baaki hai and sorry bhai agar jada parehan kara ho. Keep your smile always and be in touch !!
