Siddharth Mehta : Well, one thing that 2020 did right was make you concede to my superior taste in music, lol. Better late than never, right? It's a disappointment we didn't share much courses together. Gonna miss the Chem Camp days and Mafia!

Vaishnavi Gupta : One of the pleasantly unexpected friendships...Your apartment was our Friday night "adda" and there are three visuals that I'm never gonna forget - strawberry khana, barbie dance and seductive(?) dance moves at Leopold xD I don't know how I faced you after doing what I did onto your t-shirt :P but thanks for checking up on me after the birthday catastrophe ...Can't believe we went to 'celebrate' 2020 smh.... Intern weekends wouldn't have been half as much fun without seeing you get roasted each time and idk why I was always fooled by only your answers in Psych xD ..Keep your enthu alive for food-related trivia and lets have more crazy but sober :) parties...touch me rehna

Arush Gupta : Hey man Ek saal aur toh same jageh pe hai sirf - lockdown mei itna communicate kar rhe hai, toh baad mei kyu nahi kar sakte. Distance don't matter. I haven't met a person who is as rational and sagacious as you are; the shrewdness with which you handle any issue at hand is inspiring at the least. I stay up till 3 these nights xP and you're my rudeness-senpai; your humour is irreplicable and your rude alter ego gets me cracking like insane. Elec se (YES ELEC SE) physics mei jaake Don bangya; waiting for the day when I'm sitting in one of your classes. Physics mei maze karenge <3 Videos will keep comping aplenty; please don't ration on the sweet rudeness. Gymming on, ASAP. Skype at 6 pm.

Bhishma Dedhia : I am so glad we ended up in the same hostel and department. Mess mein tere saath elec pains baatne mein and arbit discussions karna kaafi yaad ayega. Kaafi badass and chill banda hai tu. Tera research, physics and fitness enthu since 2nd year has been awe inspiring. Final year macha dena and kuch bhi karke Princeton aaja. Weekly marathons bhaagenge :p Until then "Hey Jude, don't make it bad. Take a sad song and make it better!"

Abhirup Majumdar : Graduate toh ho ja pehle

Edwin Saji Uthuppan : I love the weird thing we have going on man. Tell me when you wanna take it to the next level ;)

Nitish Joshi : Yo Atri! ITSP was one enjoyable experience thanks to y'all (although kuch chala nahi :P). From first year Goa trip and eating loads of fish to now, we've had lots of fun! Aise hi machate rehna life mai, aur next year aa jana US PhD karne, phir jate mast Michelin star restaurants

Nilay Pande : 10 years and counting, I have known you forever bhai. School se lekar, vidyarthi, srp and finally IITB, we have grown up together man. It has been beautiful to see how both of us have evolved through the years and the countless memories we have made. From eating quiche after coaching, Pizza by the Bay after results, Civil canteen almost every day in freshie year, our long walks every vacation, Dahi sev puri ofc, cafe tourism in winters, etc; its impossible to list even a fraction of the masti we have had together. Agle saal zaroor saath mai US chalte hai. As a friend you have been the best I could have hoped for and cheers to many more decades of our friendship.

Kenrick Pinto : Dude, you're one of the smartest people I've met. I will never forget that Goa trip we had. I remember trying to piss you and Sachin off when Real Madrid took a beating from Barca (multiple times :P). It was fun discussing football and sending you all those macchi memes. Let's stay connected man. Also, thanks for all the control lab codes XD

Raju Kumar Gupta : Bhai tere liya bas etna hi kahunga " tu jan hai bhai" Bhai kash mai tere se 1st year me mil jata, lekin koi nhi! 2nd year ke bad bhai jo riste bane hai tere sath tah umar bhar yad rahega "Jab tak hai jan" Bhai fish yad aayega 😊 I love you Bhai

Abhisek Sahu : I can safely say, our emotions commute 😊. It is not an easy decision to just change your career path to pursue what you feel passionate about, and I respect you for taking that step. (Although years later when you read this, I hope you won't regret it 😊). Just kidding, you love Physics. You always brought in a lot of enthu, whether MnP events or our discussion or project. I don't only look forward to going on another concert you, I hope that we collaborate on atleast one paper. Machate rehna just like you do now. Baki baatein conference mein. ☺

Mrigank Mahajan : This tall thin guy always remained the same, but somehow the other one grew thinner in recent years. Yeah, I remain the winner in the fire hydrant aiming championship, those were the days. That may be the only thing I was better at because "Dutta ji ka ladka" would top all the exams. Remember learning riding bicycles and swimming together followed by lawn tennis and the crazy bottle fights in Fiitjee. We did a lot of crazy stuff back in the day. Hope to stay in touch aage bhi, bro!

Pavani Jeet Jignesh : Atri bro although we know each other from KVPY in 2015 hamari sabse zyada interaction to last sem me hi hui. Bhai I really adore how you care for H3 pets. Apni infi political heated debates in wing and mess were lit man. Yaar abhi tak kafi machaya hai apne aur khub machana, par mujhse politics and history me panga mat lena. P.S. I am still waiting for our resumed discussion on Shimla Pact by Indira Gandhi

Nitesh Pipralia : Bharii! First year se ab tak thoda to badal gaye apan. Thode jhagde hote rahe, par life me hamesha help ki h tune, acads aur non acads. Thanks yaar uske liye aur der raat canteen se khana lane ke liye :)). 3rd year tak subah alarm band karne aur mobile na todne ke liye bhi shukriya XD. Fir raat bhar jagne lage mess me breakfast karne ke liye. Aur hostel ke kutto ki life explore karna to alag hi pastime tha. Last sem to alag hi chill rha. Every night was game night but vo Hera Pheri aur cards wali raat!! Tu Rummy jeet le par Minimum to me hi jeeta hu. Abhi ek saal aur htera, khoob machana. Nala aur Billy ka dhyhan rakhna bhai, mere room me lada deta tha bc. Chal ab. Milte hn, insti me mostly!

Yash Shrivardhankar : Atri boi! Take me to churh xD. Bhai saare treats pe jaana hai yaar tere saath, warna ghar wapis kaun layega xD. Teri bakchodi bas tere saath rehne walon ko hi pata hai! Purdue intern mein kaafi stunt maare suna maine, saath mein karange kabhi bakchodi phir! I still remember teri jo phati thi woh prof ke saath wale interview ke time xD. Cheers to all those Faasos memories <3. Stay in touch!

Aman Singhal : Atri Sir! Tere saath Poker aur monopoly khelne me kaafi maze kiye hain. Tujhe me maggu me count karta tha, but tere saath time spend karke wo change ho gaya. "Tujhe idhar bethna hai to nice time leke aa😊" ye humesha yaad rahega. All the best bhai!

Ayush Prajapati : Bhai tu iklauda banda tha jiska naam mai insti aane se pehle jaan gaya tha :p. Tune kaise to mujhe pure 4 saal tolerate kiya hai ye tu hi jaanta hai. Par tere kaaran mere me aur mere saamne tere me kaafi kuch change hua, jo kaafi accha hua. Pichle 2 saal milke "Chal Nitesh ko pareshaan karke aate hai" kiya, bechara bluetooth ke liye kaafi pareshaan hua. Aur tune hi uske saath milke mera mobile bhi chupaya tha, tu hi bach gaya ab prank list me. Tere talented hone ke baare me likhna matlab "water is wet" wali baat ho gayi, par tera utna hi helpful hona hamesha yaad rahega bro. Milte hai jald hi, mast music chalake, cooler lagake rummy khelenge kisi chill si shaam me. Nalle ka dhyhan rakhiyo.
