If you get the chance to meet freshie self again, what is that one thing you will tell him or her?

Don't cry on the first day you dork.

Yearbook
2020

Radhika Tibrewala : Where to start from! Rommie since day 1 and who knows if future holds the same too xD Well, what better could have i asked for anyways! That cry baby i saw when i entered my room in h15, to now the girl i know, who won't shed a tear in the toughest of times, my girl you've grown! We've grown together. All the daily exchange of what did i do the whole day at nights, all the care when either one fell sick, all the group studies and those midsems endsems nights, i'll miss all of it! Apna saath toh lamba likha hai waise bhi, this was just the start! Love, alwayssss. -Motiboss

Ranvita Agrawal : Meghs, it's hard to articulate what you mean to me. From meeting an awkwardly tall and quiet person on Day 1 to singing, dancing and laughing our hearts out in these 4 years, my insti life has been defined and shaped by you. You are one of the most supportive, helping and cool friends anyone could ever ask for and I consider myself immensely lucky to have you in my life. Needless to say, it'll continue to be an amazing journey from here as well. Lots of trips and daaru gossips left :) Your Bole Chudiyen partner, forever. <3

Pranav Thakkar : I got to know you first through Vijeth and Shaggy, you're kinda cool (just a little bit). I could do without the short jokes 😊 seriously tho, it was fun at that random TAP night and we have Sunny plans pending :P hope to properly catch up sometime!

Shantanu Thada : Hey Meghana!! I seriously seriously wonder why we ended up talking in our final year and not before!!! I genuinely feel exactly the same about you, somehow I feel our energies matched quite quickly and I intend on keeping this friendship for a long time! That being said, I really look forward to the next time we (finally!) hang out! Wish you the best for all your future endeavours! Stay the same! :D

Ishita Shah : Hey :P I have finally learnt to never believe your judgement of yourself. All that crying and underestimation and here you are spoilt for choice! (oh god XD) Can I say I told you so? :P AIIII the best! Hope you up keep your absolute winning streak! <3

Siddharth Singh : Roll Maa! Although we didn't interact as much as I'd have liked, but jab bhi aapse baat ki aapne hamesha sahi advice hi di hai. 4 saalon mein kaafi saare random doubts pooche hain maine, but aapne sab patiently sune! Slay in life and all the best for all your future endeavours. P.S Meri freshie year se abhi tak aapki treat baaki hai :P

Tanya Gupta : I will always remember me calling you Meghana Gali and you correcting me and saying its Gali Meghana. From knowing nothing of basketball to slaying it on court (and then getting too injured to play :P), you have come a long way. I am glad I had you and Radhika to keep my sanity in check when on the courts. Fondest memory has to be of us walking to the courts and you taking one stride for every two me and Radhika took :P I know we don't hang out post my basketball stint but its always nice saying hi to you xD All the best for your future Gali Meghana :D

Risha Agarwal : Hello Meghs, Finally added some Jaan into my yearbook profile XD Knowing you has been so much fun, I guess the first time we met was literally Day 0 of placements? XD Love instagram for introducing me to a cool-ass person like you, and I'm going to keep sharing good cover artist profiles with you :P Pliz mujhe gossip dete rehna, especially about you-know-who ;_; Also, just thought of a new nick for you-know-who, shall PM. XD The date idea of yours was so cute, whate sweetheart, fuck corona ;_; Hope you slay it at your job and in life, and meet less people like that interviewer of yours ._. Yaad rakhna, memes share karte rehna :) PS We could totally start being-a-loner-101.

Siddhi Snehal Nagre : Meghu Jaanz, meri life crisis kaun solve krega ab?? Fav Cap, Fav VCL, Fav humann. You've seen me transform from an annoying/crying teammate lol. Lucky me for being a Meta DD and for playing basketball. Nothing can replace those practice sessions and gossiping sessions with you XD Will miss InterIIT and all those trips. Will keep pestering you with new problems everyday. ♥

Karan Trichal : Hello Ms. Drama Queen/Mom/fellow DDP sufferer :) I have no idea why we only ever got in touch by the end of 4th year (possibly had something to do with you looking like you'd roast me alive if I ever tried speaking to you and my considerable lack of social skills till a couple of years back :P) but now that we have.. boy, every conversation ever of ours has been a load of drama and giggles :P I also got to know firsthand that I wasn't wrong about the roasting part :3 You've been on a roll lately, obviously, and it's all 100% deserved. May this roll last you the rest of your life :P Stay in touch, and look forward to those 2 icecreams you owe me, and you being posted near Delhi :))

Shashank Sarvan : Chal, goodbye

Anmol Gupta : Heluiuu Gamora/Na'vi! Trust me I've had SO MANY people agree with me on this when I suggest it to them XD. It suits you so well! You're basically Zoe Saldana's sister :P Have probably never been explicit with this, but I absolutely love your sense of humor (which is also why I used to occasionally send those funny videos for a slapstick reply :)) I still remember the judgemental stares you used to give during the first times we met indirectly haha. Also, someone can like cats AND dogs both, okay? And cats are majestic creatures, ya really should try understanding one :P It's a pity we couldn't have a nice talk in insti though. Keep slaying! #AboveAndBeyond :P

Karan Kothadiya : Can't imagine huge chunks of insti life without you. 1st year, basky, all our Meta courses, infi treats (ft. Radhika and her antics) and all.. You've always helped me whenever I needed. Thanks for that and also for bearing with me at times, especially during my tenure. There is a wonderful air of simplicity about you that is so endearing. I may or may not have bhand-told Vatan once that I was way more senti for you than for him XD Needless to say, I promise to keep in touch. Love, K

Devyani Verma : Hey Meghana! I wonder why we never talked much ya! I actually did anticipate we will click whenever we properly talked and voila that random semex buddies outing happened! I hope to cross paths with you in the future because I'd hate to miss out having such a goofy person in my life. Gossips will always be the highlight :p Do you remember wishing me on Day 1 of placements? I was so touched! And I also remember you pulling some antics while you were bhand (we can discuss this over PM ig xD) Can we please go out sometime in Mumbai (or wherever) when all of this is properly over? You are really sweet Meghana! Please stay the same. This world needs people like you! Looking forward to that outing

Tejal Sudhakar Pawar : Hello Meghana! Yarr aap Fav ho mere. You are one of the best people. From behaving and hating or may be not liking you and radhika in the first year to this moment where I admire you alot. You carry that energy around you..your jokes and sabhko udana I miss the most. There were so many things I wanted to talk to you but aap baadmain khele hi nai😅...Mast aise hi raho and I will stay in touch and will annoy you even more. -Love Tejal

Shubham Goyal : Hello gossip friend , gossip connection was made in an instant energy ki terrace par , baking god _/_ eggless recipes abhi ke lie share krte rehna badme egg wali bhi chlegi xD sunny plans are on as always, and always share the goss don't assume ki pata hoga :p and offers stands for eternity to swap houses , and then there is radhika asking me ki tu itna ache se janta he kya ki meghss bolta he usse lol all thanks to shaggy :p me bhi aashirwad du ? nah tum pehle se machau ho

Ranjana B Kasangeri : Amazing insaan! Everything with you was fun. Will miss your stupid taunts, watching you play basky, watching you try make fun of everyone, interIIT trips! Keep in touch and All the best! :D

Ayushi Panghal : Meghujaan, we've almost lived a twin life. From being pseudo roomies to acads to Inter IIT to sports council (lol) to internship to Abhyuday to doing absolutely every possible thing together. To know me is to know you. There's no one else I'd rather relive all of this with than you. Among all the stories in the last 5 years, the one of giraffe and piggy is my fav. Thank you for making insti home, for being my home and sharing your home with me, literally. I don't know what the future holds but it better has you, lots of trips with hammocks, lots of sibling treats and a hell lot of giggles. Our journey together has just begun, there's a lifetime left to tolerate you. Love you a lottle, gutter
