Kevin Chacko Jose : To the one who had his timetable upside down- it was a great one-and-half years with you. I won't forget the times when you troubled cats, and when someone enquired, you would immediately blame me, nor would I forget those instances, where I asked you a doubt, and you would drill me from late night till breakfast time (you might not remember ;)). But there were times when you actually shone as a senior. You did help me in my resume, but apart from that, you opened my eyes to the world after 22 with your experiences, and you helped me think and rethink my career decisions. It was great, having a senior who was an expert in softwares and mechanical systems, and who was the star behind the Tech of our PAF, as well as in TechFest. Best of luck in your future career, and hope to see you soon enough.

Abhinav Jain : Bhai!!! tere aur Abbey ke bina manager tenure was so impossible, starting from the summer vacations jab tere baccho ke saath outings pe jaate the to ek saath gym jaana to H5 mein tere ya Bilala ke room pe pade rehna to the very last sem jab tu H18 mein bhi aadhi raat ko room pe aa jaata tha, tere saath ka time had always been fun and filled with gossips xD... juggling between UMIC ,acads and tere conveners would have been tough and I seriously doubt tere alawa koi yeh sab itna accha handle karta. I am so glad ki abhi bhi aap humko bhule nhi, aage bhi mat bhulna Japan jaake bad yahi kaamna hai. All the best bro and haan woh Madh Island waali hat was really cool!!!

Parth Solanki : As a roommate teri light band karvaani Vaali aadat bohot gandii thii be 😂 aur uske baad bhii salaa ek ghante tak mobile chalata rehtaa thaa. Aur apan ne in 2.5 years me maze to bohot kiyee xD. Tere se zyaada jugaadi insaan aaj tak naii dekha be. Ab bas milte rehnaa stay in touch and machaata to tu hai hi 😊

Aditya Patki : Nagpure bhaiya, bohot jyaada dimaag ka dahi kiya hai tumne chaar saalo me kasam se xD. But yaar afterall, banda toh apna hi hai tu. Thoda kam gossip phailaya karo life me, bas ek hi advice hai. Bhai tere sab TL ke aur PAF ke last minute tech helps ke liye bohot bohot shukriya. Apne projects ke time pe TL ke night outs toh first year se chalte aa rahe hai. Woh sab TL ka time aur wing ka time hamesha yaad rahega. But tu hai bohot focused apne chizo pe aur shayad jiss tarah se tune mech me rehke sab chize cs me machayi waisa aur koi nahi kar paata. Aise hi determination ke saath aage bhi machata reh. All the best!!

Anumay Ashish : Ab tum bade log ho toh aise bol lo, and haan outing pkka swapnil ke saath karenge, aur woh bhi uske paon se... when u will be in India #Vikrant NRI

Shubham Jain : Yo Vikrant, bhai tere se baat karne mein alag hi maja aata tha. Whether the discussion is related ROS for team Rakshak, or just any random discussion, it was great. I still remember our discussion on the project you were working on, apart from this your dedication towards getting an RA ship under a eccentric professor. Just keep up that hard work and dedication of yours, and all the best for your future endeavors!!

Vardhil Mehta : Nagpure. jyadatar apan hostel me hi milte the kyunki acads and extracurrics apan dono k kafi alag the. Tere vo instant ghumne vale plans, vo Aksa beach ka bhoot vala kissa! (:P) Apani Versova ki trip yad h mujhe, pizza k liye 1.5 ghanta wait karne k bad table mili thi hume. (XD) Aur sale mere room se jhadoo lekar kabhi vapas dene nahi ata tha. (XD) Japan ja raha h, sambhalna. Corona 2.0 na aa jaye tab. (:P)

Jatin Chandawat : Bhai tere pas ek hi foto hai kya? 😂😂 Sab jagah yahi laga h. Baki bro tu mast bannda h. Acads or research m khoob macha liye bhar tum lekin bakchodi m bhi no one. Apne 7th sem wale random tafri k waqt corridor ki bakchodiyan khoob mast hoti thi. PAF m bhi kaam kar liya tu. Lekin sale teru baddua lag gayi kya hume bhi 8th sem naseeb nhi hua 😂 Chal bhai good luck for future

Swapnil Jayant Kumar : Mechanical me rah ke sirf ML karne wale ... itna overload kyu karta hai, 7th sem me hi degree khatam kar li. You are one of the few who know their interest fields. Bas jugad thoda kam kiya kar projects me (CGPM ka presentation yaad hai na) :P . Ab to NRI ban gaya hai :o. Tension mat le waqt pe pauch jayega Japan :P and waha jake to non-veg khaa lena :D

Yash Samriya : Vikrant! Your tech enthu is soo great and you were such an integral part of third year! Never seen such a dedicated, sophisticated person. Yaar apne infi Lukkha in TL, madh Island trip were great! I am sure you will achieve great heights. Let's meet sometime this year if possible! Stay in touch! 😊

Sharath Chandra Ale : Yoo bhai ! Though our clubs do not have many things in common than are, we had a lotta thing to talk about. We had enough people to bitch around :P. But tu hamara dosti beech raaste me chod diya. hope we continue that in bangalore and hangout more often.
