If you get the chance to meet freshie self again, what is that one thing you will tell him or her?

Just remember that people can be selfish even if you help them selflessly..... so try avoiding them.

Aosheen Anand : Hey Neha! I am glad that I got to know finally and what I've concluded is: you're good by heart and there is definitely a soft corner somewhere inside you. You're articulate with your thoughts and reasons and you've got the guts to speak for yourself (the thing I learned after spending a whole horrible year in my lab). I would like to suggest one thing to you future acquaintances: Never ever judge this girl by the way she speaks because you're gonna find a pragmatic, fun-loving and a caring person out of her. You will be muddled to see her tears while she laughs.😂💕😭 I miss the time when we used to discuss any random topic while sitting in the mess. It's been a long time. Excess words😅
