Aman Lonare : Yo Tamanna!! 'The Joyous One', 'The Mischievous One' I realised how people used to feel around me only after meeting you. Designating you as a CTARAite might be one of the wisest decision :) You are really cool, fun loving and best thing I like about you is that your face speaks out 'trouble maker'. I always imagine how our duo would have caused hell for some people. 'Dono ekdam Rock Kar Dete'. I will remember your night prank call, 'Girlfriend bana do mujhe tumhari' XD. I wish we could have more time together so that we could just roam about roasting people. Always stay the same and be happy. Best Wishes :)

Tumul Rai : We have had our share of issues in the beginning but we did manage to move forward from there. It's been a long time if you look at it in the retrospect and then you realise that rough starts may end to a smoother journey. You are a honest person and that's something good to be. You mostly stay happy and that you should continue to do. May you have a great life ahead and have a lot of success. Cheers! For our years mtech
