Shobhna Misra : Brooo! Yeah, we were quite adept at arguing with each other in the second year, especially when it came to work-related matters xD And we did become very good friends after that (probably because of that?). Thanks for helping me with my applications (I am sure I wouldn't have gotten all those admits without your help)! Here's to all the random things that we ranted about and all the walks we took, not to forget the course we passed together somehow. :P Stay in touch, and please finish your DDP! :P xD

Vaishnavi Gupta : There are few seniors towards whom I feel like they're big brothers/big sisters and you're one of them (another one being dhoni) ...Though I got the chance to work under your guidance for only about one year but that was enough to make me inspired about your dedication towards working in lab, always helpful and friendly....also, I will always be thankful for your help in making decisions during placements..kaafi pareshaan kiya apko sawaal puch puch ke :Pwish you all the best for a successful future and stay in touch :)

Snehal Dinesh Bhamare : Banglore me to milte rhenge otherwise who would accompany me in badmouthing like we did for dept courses😄, and DDP of course 😄. Thanks for being there in need. Remember booking the room for project meetings 😄? Intel me macha dena and stay in touch😄.

Gaurav Dey : Kaam karna aur kaam karwana koi aap se sikhe. One of the most cherishable memories of my institute life hugely involves you and I was fortunate enough to have worked with you. Aapko bataya nahi kabhi, but there's a lot of things that I've learnt by spending time with you. Thanks for being there whenever required. Those lunch breaks at Benny's chicken were the most fun. All the best to you. Kabhi beer peene chalte hain ? Kyun ?

Sanket Agrawal : YO BAE!!!! We have really scared people off shouting bae at each other, haven't we? It was good to have you around in final year, those not so prioritized fitness sessions, those epic cricket matches (kaise bhul skti hai unhe), making plans for antenna class and missing it every time. Let's meet soon (at the gym or antenna class? :P)

Mrigank Ashesh : I will remember the guy who taught me to solder perfectly. I was lucky to have met you and be mentored by you in IITB Racing. Big, Thanks for helping me out with my resumes. Wish you a lot success in future.

Ritesh Kumar : Yo Kolambe!!!! Ditto jitna tune likha. Jab bhi milte hain haste hi rehte hain, same haal he apna 4th year ke project se lekar DDP tak, sab last moment. Iss baar Maryam ka kaam kar lena 😊. Mujhe yaad he lift me nikalte time convince kar raha tha mai tujhe party ke liye 😂. Milte hain soon bro.♥

Sharan K Pujari : Brother, wish could have met sooner, but placements seem a good reason. Lets drink again, have those dreamt parties again, make fun of Aditya again.

Parth Sandeep Shah : Kolambee bro.. bohot sahi banda hai tu.. racing team mein join karke mujhe kabhi nahi laga mein logo ko nahi jaanta.. you and others made me feel part of the family in no time.. apan ne saathme kaafi kaam kiya and hands down I can say racing team ko tere se zyada enthusiastic, committed CEO and CTM as well nahi mila hoga.. apne lab nightouts, project nightouts, MoD, natural, Sunny and Bangalore ke trips were awesome and hope to be in touch aage as well

Shashank Sarvan : Kolambe, you were one of the pillars that held up the racing team. I remember the first major task we worked on together: the faraday shielding. We were on that complex task for almost the whole night and I walked out of the lab in the morning feeling inspired. It is unbelievable how helpful you are to everyone and I have learnt a bit from you on how to put your team's needs ahead of your own comfort. I guess we have pretty much been on every team trip together. Your marathi skills were indispensable :P You're the kind of presence that can make any venture a little easier. Its a shame we couldnt do more trips after the Lohagad trek. Hope we do some in the future. Take care!

Rohan Pathak : Aree Koluuu kaha se shuruwat karu bhai. Itna bewakuf insaan shayad hi mila hoga mujhe koi haha. Tere jitna na kisiko hugte hue dekha na hi itna dedication se kuch bhi karte hue. Alag hi extremes pe rehta. Thank you mujhe itna sehne ke liye and and Thank you in advance aage bhi sehne ke liye haha. Tere and Suyash ke bina bahut mushkil hota yaar mera elec mein zinda rehna (And of course Pranav bhi :p) But tumlog dil ke bahut paas ho even though itna jyada time spend nhi kar paate last kuch semesters mein, but I love you bro <3 Thank you for everything :))

Harsh Chandak : Yo Kolambe bhau! Lockdown madhe kashe aahat xD Bhai infi maze kiye last year apan ne saat mey. Foosball khelna, cricket khelna, mafia khelna, bahar khaane jaana. Mast banda hai tu humesha aise hi rehna :D par haa bandi se baat karne ka time change karna humesha apne khelne ke beech mey aa jaata xD. Bangalore mey bhi mast aisehi maze karenge.

Aditya Tapase : Kolambe bhau, we have always been together in almost every thing till now...from same coaching to getting placed in same company. If not for our different job postings, we still would have been together. Its very rare to find such a special friend who is as helping as you. Will miss those lengthy talks about life and our problems. Also the placement prep we did together. Our Manali trip will be cherished life-long. Our friendly quarrels make our friendship special. I know I have annoyed you several times. Thank you for all the help, support and understanding, my brother. I wish you transfer yourself to Hyderabad (for a reason we both know). Till then, enjoy your life at Bangalore!

Viral Shah : Kolambe bhau !!! Kudos to the wonderful memories we spent in Racing together. Aap se bohot sikhne mila. Aap jitna jaag jaag ke kaam karne wale bohot kam log he dekhe hai maine. Thanks for all the help you provided me during my CTM tenure. It would really be impossible for us to pull off things without you. UK was amazing because of you presence. I like the way you took the decision of Kasba Vs the play. Shivam ke saath aapke room me butterscotch Whiskey was the best drink I had in insti. All the best Sir for the future journey, Hope we can have a glass of tea (uff... bear) sometime again.

Pragya Valay : Hi Saurabh! Interview ke ek din pehle wo Elec ka Project jiska mujhe naam nahi yaad aaraha, samjhane ke liye thank you. You are a good person, stay the same <3 Rohan ko bhaav de dena :P

Lakshya Bandhu : Hey kolambe bro, I came to know you better in H18. I will never forget those interview prep days eating dinner in your room staying up all night and also the early morning driving lessons which involved Mr. Shamshad 😊. I believe in that short span of time in H18 we have done a lot of things together and I have come to realise that you are a very helping and kind person. I wish I was able to for the Manali trip with you guys but I think we will have many such chances while in Bangalore so keep in touch and will se you soon.

Mrunmayee Gaikwad : From competing with you to preparing together for interviews, from thinking you are innocent to actually knowing you, we've become really close friends. I can't believe I have known you for almost 10 years. Who knew we'd end up in the same college, same department and eventually same program. I still remember how seriously you were considering IITM Civil. But I am grateful that we ended up here together, otherwise who would have carries my bags while going home or returning back? I'm gonna miss all our late night talks, studying together. You have always been there when I needed help or someone to talk to. I still have so much to write. Anyway, I wish you all the happiness. Stay in touch!

Yash Shrivardhankar : Kolambe! The bhai tu marathi hoke maine hindi mein jyada baat ki tere se! You were the night king of Racing xD. Hum bacche soch hi nahi sakte team ka kya hota tere bina. The chilliest of all team seniors. You were like Elec father for me! You were the lifeline of Elec! The most hands on elec guy I've ever seen! Aage kabhi bhi koi taar jodni ho, mai tujhe call lagaunga xD. Bhai kya chill mein manage karta bey cheeze tu! Always happy go lucky person! And most importantly, infi bakchod! I have cherished all the precious time with and wish to chill out some more in future! Baki bhetat rahu re!

Mookund Sureka : In last sem we interacted a lot and during our Qualcomm intern. Mast hai yaar tu and chill se kaam karta hai. Talking to you is always fun and DDP karle (i dont think zyada kia hoga abhi bhi tune :P).

Jab bhi cricket ya baddy ke liye bulao toh hmesha everready rehta. Tera enthu dekh ke kafi sahi lagta. Manali mai yaar apan ne kafi enjoy kiya. Thnx to you jiski wajah se hm wahan gye. Maine toh almost ditch hi krwa diya tha lol. Yaar last mai apan ne cricket khelna shuru kiya H9 mai aur bahut mazza aata tha but sadly wo reh gya. Jldi hi milte bro aur ek road trip krte issbaar. Aise hi carefree reh bro (but thoda ddp bhi krte reh :p) All the best bhai. Stay in touch :)

Mohit Madan : Thanks for saving my life that night.

Katla Virul : Yo TA & TT partner! Intern ke hangouts were real fun! Apna chill attitude aise hi maintain karna. Placement was the only time tujhe rote hue dekha, par finally wo bhi machadiya (Congrats!!). All the best and stay in touch.

Neeraj Sohani : Kolambee! Really? You thought I was weird? xD On the other hand, that night before the submission of VLSI CAD project, the respect I had for you really grew because me and devyani to had given up the last bit of work bcoz of sleepiness but you kept at it bey, constatnly pushing yourself and us to keep working. I don't know how you do that. I was really impressed with you that night. Come to think we've had the most fun doing projects hi (referring to the design lab :P). I'll also miss randomly barging in your room to gobble up the bhujia k packets you keep <3. Hope we all get to meet again. Stay happy, stay blessed brother!

Anand Naik : Yo Kolambe! Abhi realise kiya ki teri, meri aur Tapase ki yearbook pic Shimla-Manali trip ki hi hai! Kafi maja aya woh trip pe. First year mai tere aur Tapase ke bich kafi confusion tha (and quite a lot of people from elec have the same, don't know why) par summer mai ITSP sath kiya toh finally confusion dur hua!! what a memorable time that was when we somehow managed a demo of our bot by pulling all nighters. You were quite dedicated to IITB Racing throughout you stay in insti! Racing tune alag level pe machaya hai! Aise hi life mai machta reh. Will miss you a lot.
