Prem Agrawal : 1st YB post!! I am so gonna miss all the outings, late-night walks, being a constant partner to sit with in all classes, being there for and with each other most of the times and a lot more. Insti life with you had been a fantastic journey, and we both are gonna cherish all the great memories we have. Thank you for everything, and I know you won't forget me coz I'll never let that happen 😊. Just be the same amazing person you are and keep smiling forever ♥ Loads of Prem 😊

Mrunmayi Mungekar : Hello babes! You have been my first and my best friend in the insti. I love you, roomie, to the moon and back! To our never-ending laughs on trivial stuff to super-hot celebrity crushes to conversations in marathi, I can't help but cherish every moment of lukkha with you. Too cheesy?! Which convo of ours isn't :P And when you become a hot-shot celeb, don't forget who loves you the most :P <3 (Also, our last-sem checklist is still highly incomplete..remember?!!!!)

Ankit Neema : Heyyy buddy...thanks for being the constant lab partner and best co-foodaholic throughout my insti life. Thanks for listening to all my cribs and for being there in the toughest of times. I wish you all the success and happiness in life. And may someday we can complete our ' Must visit food joints' bucket list :P Always be the ever-smiling person that you are :)) Always there <3

Jovina Vaswani : Along with incredible memories and life-long lessons, I am glad I am taking you also with me, when I leave insti. You are a beautiful person; I am glad we met, and even more so because we stayed. I am glad AZeotropy brought us close I will try to support you in whatever ways I can. Love you always. ♥

Rishika Gupta : Hellllllooooo Hugsy! ♥ Sorry I am stealing this nickname 😊 Thanks for allowing me to sleep on your bed everytime I asked. I think I have spent more time in your room than mine itself in the entire four years. 😂 We still need to complete the bucket list. Wo Goa plan kabhi to execute karte hain 😊 Thanks for being patient in all the meals we have had together as I took atleast one hour each time. 🧑♀ You took care of me just like a mother in the placement season. I'll never forget that phase. 🥰🥰🥰🥰 Bas ab man ki baat man mein rakhna band kar 🙏 and also STOP using marathi every time and never realising I am in the room too. 😊 Please stay the same crazy kid you are at heart. Never ever grow up! 🥰🥰🥰 Love you loads 🥰🥰

You are very good singer and your colour choice for clothes is also good!

Tanya Gupta : Swaraaali!!! Words are not enough to say how much I love you and enjoy your sanity. I am pretty sure your sensibility is the only thing holding the MRS group together :P When you and Mrunmayi start talking in Marathi it drives me crazy trying to understand (you guys should have just taught me how to speak it -_-). From giving me a treat in the first year to discussing future grad trips, you three have been a constant in my insti journey. All the confusion about your future, I am glad you converted to dual and are taking time to figure out what you want. Looking forward to more video calls and craze experiences in the future :D

Rushabh Vora : Yo ma'am! Apse team me ane ke baad hi baat hui and we have had some great time during tenure, treats, meets, outings, roasts(tujhe Kabhi nhi Kiya Mene, thank me later😄). OC interviews was a totally different and life changing experience, placements ke sare interviews combined also couldn't match that♥. Aap bhi group roasts me participate kiya karo and memes to me bhejta hi rahunga😄. Koi Jain wali recipe bhi sikh lena ab jab cooking macha hi rhe ho. You are very dedicated, sweet and chemical core loving person. Kabhi Marathi me chat karte apan bhi, sayali se kaafi sikhli hai mene and all the best for your dual degree program and future🙏. Keep in touch ma'am!

Arjav Shah : Hey Swarali! It's been an absolute pleasure knowing you! I wish we'd have interacted more during these years. It was really nice to have had those regular cheerful greetings and chats - not to forget CRE II assignments xD Keep up your core/research enthu and hope to see you soon in the US! Best wishes :)

Adarsh Attavar : Hey swarali! Aapke baare m bhi kaafi achha suna tha maine and everything turned out to be true, when we finally interacted during our intern. You were the only one who took me seriously when I consistently promoted Hyderabad to be the best city ever :p and gave me honest feedback, which made me realise that I wasn't cut out for a rapping career :p. Those few months at DRL were amazing with all of our movies, kabo nights (which I will solely take credit, for bringing into IITB, without any proof whatsoever) and everything else. Waise imagica is in Mumbai , we had gone to wonderla :p. Stay happy, all the best for everything and stay in touch! :)

Sachin Tak : I will definitely some day give you your charger!! 😂😂
