**Mayanka Medhe :** My sweetest mother (or Nisa Nisa, whichever you prefer)! You were one of my first friends in insti. I will always cherish apne first year ke memories- your constant reminder to drink water, Segreta, boathouse in the morning and of course the wall code XD. Thoda kam tharakna (remember Despacito :p) and try to minimize your double meaning conversations. I'll miss you but more than that I will miss all the tasty food you used to get from home :p. But on a more serious note, thanks for always being there for me and listening to my jokes (no matter how lame they were) all day long. You are one of the prettiest, sweetest (and tallest) person I know. Apan jasta Marathi madhe bolaila pahile, you know. I'll miss you soooooo much. All the best for your future. Apna khayal rakhna maa and khana atleast 32 times chew karna :p. Touch madhe raha and visrun nako zau mala <3. PS- I couldn't help the language transition but it just sounds so right this way.

**Samruddhi Dodal :** Nisha! Kuber times were fun. Forever grateful for taking on extra work and waking me up at important times :P (YKWIM XD) Honestly it was such a good time being around you that I didn't have to bother about anything before getting you onboard for TTMM. <3 And the way you managed it with all your elec submissions was commendable :) I am glad we've stayed in touch and that we used to have these small conversations here and there. :) Stay in touch, wish you the best in everything you do, and yes, I'll always be just a call away :) <3

**Sanskriti Shah :** Nishaa!!! Haan yaad h wo Syscon waale din :p maze kiye infi...and infi pareshan hue the apan, baadme rooms door hone k baad to hm sirf mess mein hi milte the :( but baatein to hamesha rehtithi...boht sweet h tu...Stay the same :) All the best for your future :D. And stay in touch :D
