Ganesh Chelluboyina : Yo Nakul! Pehle mentor, phir pados wale senior cum wingie! You look so calm outside but inside you are an extraordinary person. Come endsem time, and you would bear with my badgering for question papers and the like. I still remember that fundae session late at H2 night canteen. Your passion for research has really inspired me. Thanks for all the tips and help! I hope to see you again soon. Until then!

Abhishek Soni : Started with 'Ohh bhai sun na bro...' and it grew from " 'dt ki value se farak nahi padta bhai' to 'thoda toh dimaag laga bhai ' " from " bhai vo chaabhi chod jaana to dekh na PC kyo nahi chal raha bhai' from desktop se le le to scholar pe daal na nakul' Nah we don't stalk girls, we stalk professors. Btw thanks for putting me in the loop, aapka toh convergence criteria aa gaya h. Bas agar machine aur ban jati toh dhandha aacha chal jaata
