Azim Oliya : First time we met in H15 and i remember you were talking about your past company CEAT Tyre. Tab sae leke aaj tak tune company kae baare main itna kuch bataya hain kae main directly MD ki position pae join kar sakta hun. From first year it self, you have set two goals: first is AI/ML sikhna hain, and dusra ladki patani hain. With hardwork and sincerity you achieved first one. But second main i can see your struggle :P. We shared so many things together from mess food to long drive trips. Bas future main kisi ko trip main raasta mat dikhana. Baki All the Best for future.
