Energy Science and Engineering  
Aquatics | Lawn Tennis | Badminton

Yearbook  
2020

**Savaliya Nikitkumar Mansukhbhai :** It is great to have a friend like you. My true badminton partner. It would have been great if you could have accompanied me in tennis also. You helped me the most when I was in the hospital. I can never forget that. It is really great to have a true friend like you

**Purushottam Kumar Sahu :** Thanks bro for all the moments that we have spent specially the hangover nights :D :D :D... I would have missed getting drunk and maybe bundled up in frustration, if you were not there to pick me up for late night parties. Stay connected with us, the future get-togethers will be rocking and amazing...

**Riswan Mohamed Rasheed :** On the day we met for the first time...I was relieved when i found out you are from Kottayam since I found myself, one who knew zero hindi in the middle of an hindi crowd. From that day onwards we went on to become very good friends. It was fun spending late nights to clear the semester and god knows how we managed to do so. Thanks for all the dinner party at your place. Had a great time with Vichu and Vidya and thanks for making me feel like a part of your family. I know you guys would make great parents. Thanks again for making my stay at IIT a memorable one.
