Dharmendra Kumar : Hi Kanhaiya bhaiya! Meri kisi se sbse jada jali hai to wo tu hi hai ;). Teri adaaon ne maths ki sari gopion ka man moh rkha hai. Bada hi chatur hai tu, kbhi kisi ko clear ni kia ki Radha kaun hai, sabko brabar prem lia aur dia hai tune. Khair, we had some good discussions on programming, and number theory. Tere karan hi maine number theory lene ka socha and thanks for that. Milne ko tumko keh ni skte ana to mujhe hi pdega. Teri treat adhoori reh gyi chhutki ke chakar me, koi na uske sath de dio Bangalore me. Aise hi Accenture me pyaar ki jyot jlate rhna, kaam me to mchayega hi tu. Baki koi "dikkat nahi muje" wala attitude sath hi rkha.

Akshi Bansal : Mr. Mentor, We all will always be grateful to you for the guidance u have provided us. Thank you for being the besttt mentor, not only for 4 of us, but for the whole class. May all your forays be greeted with smile always :D

You are forever 'xyz' ka ladla. 😊 I had a great time with you and I am glad i met someone like you. Accenture me to roz milenge and bahut sare trips karenge 😊
