Arpit Kedia : One of my first and closest friends in insti. Tere saath har topic pe discussion kiya hai, especially over so many meals at Laxmi! Your hardwork and dedication for every task is really inspiring. Tera no-nonsense attitude itna famous tha, logon ko samajhta hi nahi tha ki tu kab mazak kar raha xD Your bluntness may enrage some people, but that was a quality I wanted to learn from you, especially having zero awkwardness while asking for something you deserved. I hope more people will discover the true you beneath the layers, cause they will have made a friend for life. I'll keep narrating your Delhi stories to people, and yaad rakh mere paas abhi bhi woh auto waali audio recording hai :D

Rahul chunduru : Hey Sanchit! you are one of the most industrious and diligent persons I know, if not the. I used to be surprised by the workload you take before it became a norm for you. The only time I played on tennis courts in the morning, was with you and your old racket. Really grateful for the cycle you left me with, it became indispensable (^w^). You are a wonderful friend, a mentor, a model classmate to me, and I hope you pursue your goals like you always do with focus, clarity. Thanks for the work on DB project, and many, many chats in the mess. All the best for all the things to come !!!

Animesh Singh : The most straightforward and honest man I have ever met. Never holding any pending grudges, though it can be a bit disliked by other people, but I think telling the truth is more important. Though your personality changes whenever you help someone. A benevolent party giver though not much of a planner as most of things gets schemed by Kedia xD Ab aur kya hi bole. Tujhe kuch bolne ki zarurat hi nahi hai. Khud se hi itna achha karega. Even then, Best of Luck brother. Keep up your enthusiasm to gather knowledge and motivate others

Kumar Saurav : So much meticulous and diligent in all that you do. I can't believe you changed so much over the course of 7 semesters - a welcome change for most of us, I believe. There's always going to be one image associated with you for me - the specs tied around with that black ribbon, you heaving that overweight and stuffed orange bag, with the umbrella hanging from one of the straps, and your heavy duty cased phone in one of the pockets of your regular military patterned blue and gray jacket; all the while pedalling slowly with your crocs on.

Vedarth Choksi : Sanchit! I hate your guts, but that is also the thing I admire about you 😂. Teri jo bold personality and attitude hai usse seekhna hai mujhe. Itna lucky hai ki perfect time pe semex kar liya and Google ko bhi reject kar diya 😊. Tune hi guitar sikhaya hai mujhe. You are one of the most hardworking person I have met. "Good Luck" kehne ka toh sawal hi nahi hota because tujhe zaroorat hi nahi hai 😊.

Ganesh Chelluboyina : It was lovely to speak with you after such a long time and on my birthday. We began as next-door wingies and I remember thinking you were quite eccentric. I suppose you still are, but in a good way, and that's what sets you apart. Yes, those mess table discussions come to mind. Remember the debate about individualism vs collectivism? You are the epitome of individualism, and I admire how you've blazed a trail these four years. Your ideas have indeed influenced me a lot. I know you'll do well whatever the circumstance, wherever the place. After all, who else could have done multiple projects and a TAship in the midst of placements? Hope to keep seeing and talking with you. Good luck!

Ishan Tarunesh : I really misunderstood you a lot in the start which may have caused you trouble, I still regret that. I admire your insane work ethics and ability to manage so many things at the same time. But the best thing is that you're a genuine and down to earth person at core and you would always be helpful towards someone even if they have hurt you in the past. Last year was much better talking to you in the wing and eating your sweets. You'll do wonders because you are smart, hardworking but most importantly a nice person. and this post cannot capture all of them. Best wishes ! PS - Batana kabhi airport aao to auto chala kar aaunga pick karne.

Aman Mishra : Sanchit broo! Yaar, I immensely enjoyed all our basky games and post-game fun. You were always competitive and passionate, which made playing with you so interesting and engaging. No doubt you are a better player than me because of these qualities. Though 1v1 me tu mujhe nahi hara payega XD. I'm sure ye challenge dekhne ke baad tujhse raha nahi jayega XD. So, looking forward to our next game. All the best for all your future endeavours bro :).

Yash Sharma : The quiet co-TA. But you had more to say when you were right, which was always :p. Thanks for all the guidances. Good luck!

Yash Lakade : Ek dum straightforward banda hai tu, never minces his words and says it as it is, bilkul fearless. Bhai mess mein baithe baithe pura future discuss kar liya apan ne, sab yaad rahega. Placement time was something else, mai bhi anxious ho gya tha during your prep and then day 1, pta nhi tune kaise manage kiya. Aise hi machate reh, sky's the limit. And Lets meet soon, placement and semex treat dono bakhi hai 😊

Naveen Kumar Yalal : Freshie yr mein court pe akele ghiss ra tha, baad mein NSO mein mile aur phir toh kabhi juda nahi hue. Bhai kitna dedicated insaan hai tu, damn CS be warna NBA pahunch jaata tu pakka. The "After game talk" was about everything between and beyond the rings, kya masti karte thei be. Teri pehli "Butter chicken" meine khilaya hai yaad rakh. Wallpaper toh badal liya par jald hi shaadi ka invite bhejdiyo. Agar tu rehjaata toh H16 se jeet jaate be "Lonzo"(shooter). Tune sab mein machaya hai re be it sports, acads, tech aur bandi toh hai hi. Mehnat bahut karta hai tu, aur itna thakne ke baad jo tera "kuch bhi ho, karunga" wala attitude bahut sahi hai. Keep training jald hi 1-on-1 karte hai.

Atharv Nandapurkar : Sanchit! Lot of conspiracy and gossips about ur nature, what u actually are, what u feel and etc etc. But if anyone, who had spent time with you can definitely say that you are extremely helpful and do care about others. U have always helped me in too many things and never judged me for my silly doubts. Yes, OS assignment ke lie raatein jaga tha tu, and kaafi help ki(jab aur koi help ni kr paa raha tha). Ur nature of standing for ur own rights and then bluntly fighting for them is outstanding, kaash mein itna kr paunga humesha. Tere random PJ's, room ka door band nhi krne ki bakchodi, last sem ke wingtalks, sab mein kaafi maja aya. Huge Respect for ur dedication & passion. Good Luck bro!

Aman Singhal : Yo Sanchit! Bhai tere jaisa attitude chahiye life me. Tu bohot hardworking banda hai once you are focused. Tere saath discussions karne me humesha maza aata tha. Logic GC me to tu aata hi, me to bas inform karta tha 😊. Sab credits complete karke semex pe gaya, aapka level hi alag hai. You are a workaholic man, keep doing what you do because you do it the best. Good luck!!

Rajat Rathi : All-round personality. Basketball and Guitar ke saath saath Acads machane wala banda (not forgetting romantic exploits). It's rare to find someone as disciplined, dedicated and hardworking as you (thoda hume bhi pass kar do :P). Beginning mein toh bilkul 'Dilli wala launda' impression tha tera and gradually learnt how supportive and helpful you are. There's a lot to learn from you. Competitive attitude kaafi mast lagta tha tera and also how you managed to always defend your point in discussions. Playing anything with you was fun, especially Mafia and football (kaash dept football bhi jeet lete). From what I've seen, I'm sure you'll reach great heights in life. Best wishes for the future!
