Mudita Rana : Dalvi!! I'm glad IC tenure made me get to know a gem like you better. You have always helped everyone around, without any hesitation. Kaise karleti hai? 😂😂 All the parties where we took care of each other's drunk selves, exchanging notes before the exams, the memorable gurgaon trip, sab miss karungi. One thing that always puzzled me was how you were so calm when snehith was driving yaar 😂😂 alag hi patience hai tujhme. Mussoorie na jaa paane ke liye sorry 😞 Wishing you all the happiness stay in touch bro 🧡

Sarthak Sharma : Brooooo :) I can't thank you enough for sticking with me in these past 2 years filled with highs and lows (mostly lows :P) You're one of the most caring and understanding people in the insti :) I trly admire your hardworking nature although I think I was a bad influence on you and you also started bunking lectures :p but it's kinda funn. The tenure wouldn't have been same without you in the NC team (NC bonding be the best <3) Please thodi aur trips par aaja Goa was sooo much funnn. Cheers to all those poker and mafia nights in PO, those deep philo talks and last minute assignment and lab submissions (Probably the only thing in which I was able to help you xD) Please continue to help me :')

Trivedi Karan Paresh : Akshata, I regret that we only got to know each other properly in the final year. Even then, I'm so glad we developed such a good rapport in a relatively short span of time. Placement prep, hanging out in PO playing kabo, the road trip...lovely memories! It was fantastic to find someone so like-minded in so many aspects! Despite your soft-spoken and mild-mannered nature, your presence is so uplifting. I truly respect how open and empathetic you are. I can't thank you and Adarsh enough for the pillars of support that you were during placements...I'm so grateful to have you as a friend. Wherever you go, I'm sure you'll shine like the bright star that you are, illuminating others' lives too!
