Pushan Bal : My motivation to study for minors. I can't remember the countless number of times you have called me up and made me solve a tutorial which I had given up on. I love your sense of humour. Your positive attitude brushes against everybody making you a great guy to hang out with. And now you have landed a job in your hometown. The luckiest guy I know :p. Thank you very much for being there. Minors would have been impossible without you. Please stay in touch.

Aniket Ranade : Tere akele mai himmat thi ghar valon ko hum sabki shakal dikhane ki. voh iss sem ka aana baki reh gaya re, aunty ko bol dena yaar unke khane ki yaad aa rahi thi. tere tatti se phone pe pubg se lekar tere bed se tereko hi nikalne tak kaafi yaadein hai. mujhe pass karvane mai kaafi bada haat hai aapka, sada abhari balak ko ashirvad de dena. ghar kam bhagta to aur maje karte

Mohanish Verma : I wish if I can go in time and would have known you earlier but it's okay we had a quality of time. Maybe in next chapter we will meet. You are great bro keep that spirit always close to you. Stay in touch 😊

Hardik Murarka : Karthik Sureshh !!! Tere liye likhna ho toh sabd kam pad jayenge. shukriya mujhe tolerate karne kai liye especially lights wali bakchodi kai liye. Hope ki we could have more enlightened discussion while sleeping. Gaane chala kai sona aur phir subah ki class miss hona yeh coincidence toh saayad hi apne bhule. Meri baate humesha maan liya kar (remember MITACS) baap baap hota hai . We are not done yet so mein jaada nahi bolunga. All the best yaar aur best Cashier banke dikhana. I really hope ki teri bandi wali iccha mein aur pranay puri kar paate.

Shubham Jain : Karthik Sir, kya kahe aapke baare mein. Infi machaun banda hain. I always cherished the discussions we had, whether they be related to research, projects, coding, random stuff or the stories of your life as child priest xD. Bhaut helpful aur dedicated banda hain, whatever you try to learn you give your best and try to understand things as deep as possible. You are getting better at foosball, and pool as well, let play it again in the future. Well, all the best for your future endeavors and like always machate raho!!

Pranay Raj : Karthik, the guy who loves red. Tere red k love ko shayad maine hi overhype kiya. First year me toh bahut ghar bhaaga tu but phir sudhar gaya. Bahut gaane gaaye apan ne saath me, rice lights jalake. Mere besure gaanon ko bhi encourage kiya. But maza toh bahut aata tha. Bs murga se gaana gawaana reh gya. LC me jaake bhi bahut padhe saath me and saath me saare canteens ka food review bhi kiya. Bahut healthy discussions bhi hue robince k saath(LOL). Ye sab krte krte time bht jaldi nikal gya. Aur finally apan dono cashier hi bane (jaisa ki apan expect kr rhe the). Tune harr jagah machaya life me. Aise hi aage machate reh and stay in touch.

Mohit Deshpande : Yearbook pe aa ja bc
