Ratnesh Srivastav : Thanks for being a great support through these 2 years.. you have always stood by me whenever i was in need... The moment we spent together will last long as our friendship...! You are the person on whom i can bank upon... The inbuilt entrepreneur in you will take you to the heights... ! All the best buddy for your future! 🤗

Suyog Kapsikar : There is a lot to say and cherish, I still would choose to not to say anything. Sometimes its enough to know and remember somethings without saying, its something like that. You know bad memories fade away with time, I promise to carry good ones with me and face you with a smile if our paths happen to cross. At last I would say, THESE TRUTHS AND LIES, WRAPPED INSIDE; SOMETIMES INSIDE OUT (I hope you remember this)

Pankaj Kumar Sahu : Hii Sumit! We did not talk much throughout the duration of IITB. But i still remembered the night when we were walked along the way from IEOR Dept. to H4. It was a great time when i talked to you first time. Pahli hi najar m samjh gya tha tumhare baat krn k andaaj se ki tum kitne cool aur shaant swabhav (cool dude) k bande ho. Apart from that i also realised that among all of us have tremendous amount of knowledge of academics as well as other matters. Your thought process is excellent. aur bhaai sach m placement m tune foda hai. IEOR ka bhut nam roshan kiya hai Teachers and everybody of IEOR are very happy with your placement. All the best for your future. Thanks Sumit!
