Savaliya Nikitkumar Mansukhbhai : Dear Varun Rai ji. You are the best room partner I ever had. It was a great time seeing you arguing with people on several topics like politics and other topics. You are a really great person who can do anything just few days before the deadline whether it is a seminar, or assignments, or stage 0&1 report. Hoping same for the final stage report and presentation. You irritated me a lot during exams in first year. I got irritated when you bring the chips from the night canteen during exams and eating peacefully watching movies. But that used to create noise which disturbed me a lot during exams. It is the toughest task to describe you in 1 paragraph but due to limitation of words I am ending now.
