Vittesh Arora : OC treat ke time yaad h apne pucha tha ki agar tujhe interview ke time kisi ke sar p hathoda maarna hota to wo kon hota h aur mera instant reply tha "Kapil". But seriously agar interviews ko hata de to aap bahut pyaare senior ho. Be the same, ever 😊

Allen Bose : It's tough to summarise you man. A splendid tenure with ups and downs and wild turns. We were people with almost diametrically opposite personalities. One a pessimist and the other a super optimist. We used to differ in opinions but always reached a conclusion together. I always looked up to your resilience, coordie management, determination and the hardwork you put in. Whenever I felt demotivated, one look at the stuff you do and I was back on track. You taught me there were times at which you need to oversee with an iron rod and times where you have to be passive. I am pretty sure you are gonna be a top leader one day. I am more than happy to have been your Co.

Praveen Saran : Naniiii!! Apni bhut late mulakat huyi lekin uske bad ka to kya hi kahna. Couldn't have asked for a better co-intern. Intern ke time insti ke sare gossips btate rhne ke liye thanks a lot. Or bhai placement prep. ke time apn kitne rote the ki kuch nhi hoga apna. Tere or Chirag ke sath ki yaadein kbhi nhi bhul paunga, milte hai jldi hi :))

Ritwik Sudesh Kadu : Im very lucky to have gotten a mentor like you. You have always been very open about yourself which helped me connect with you and discuss any problems Im facing. May it be academics related, PoR related or problems in personal life. You were always available for a quick chat or a call ; always gave honest opinion ; personally your opinions and experiences have helped me get through the sophie year. Aage bhi aisehi fundae dete rehna. Ab pass out hone ke baad bhi touch me rehna ; milne aaya karna! And treat bhi baaki hai! All the best ; aap jo bhi karoge usme machaoge hi!

Swapnil Jayant Kumar : Kapil bhایی!! The guardian angel of the wing. Apke bina 4 saal nahi nikal pate, especially the placements. I will really miss the late night talks about life and random backchodi among us in your room. The water fight among us will never be forgotten XD. Mera rona sunne ke liye thanks :P. Aise hi machate rahana and be in touch :)

Harsh Vazirani : I still get annoyed by Raniiii, and Noice and Okie. You were my savior in 3rd and 4th year. Kitne assignments ke liye tang kiya mene 😊 You always helped. When most people roll their eyes, you have an unmistakable reaction you can't hide on your face. 😊 Also, thanks for an experience I won't forget that I had my last day in insti. 😊

Sigireddi Yamuna Devi : Kapppii!! More like Devdas abhi ke liye 😊. Since mei roz gaaliya to deti rehti hu, I'll say the good things about you which I never did before. Also, not gonna do it ever again. To describe you in one line would be "You are strong". Yes, tu bhut rota h, bhut complain karta h but kabhi giveup nhi karta. Life mei kitti baar bhi kate, fir bhi has has ke aage badhta h. Insults bhi praises jaise lene wale insaan ko tujhe hi dekha mei 😊. I don't exactly remember hum best friends kaise bane h but I'm glad we did. I know mei gusse hoti hu tujhe, but that's because tu bhut irritating h 😊. I hope hum ek dusre ko humesha tang karte rhege. Thanks for being there for me always.

Aayushi Baheti : Hey Co! Couldn't imagine my sarc tenure without you. We differ in a lot of ways, but you never let this reflect in our work. Thanks for all the support. Wo ideation meets, then those fights to get the approval and finally event execution- it was so much fun. You are a great combination of hard work and talent! Stop being pessimistic and start believing in yourself. Events team will always have a special place in my ❤️

Aayush Sharma : Yo Chote miyan!!♥if positive criticism had a face then for me it has to be you bhai tera harr feedback seriously leta hu mein.Bhai I haven't told anyone explicitly but you were the most hardworking CTM in team,chahe kitna bhi bekar phase raha ho tune tere efforts kabhi kam nahi kiye.bahut seekha hai terese bey♥jab bhi akela feelkiya insti mein tu hamesha aata tha baat karne.Train wali baat tu bol hi dya to kya likhna.I won't forget teri help throughout the tenure especially phonathon aur reunions mein.thoda apne aap ko underestimate karna band kar de bass😊I know placement time bahut kataya hai tera uske liye sorry🙏

Siddharth Mehta : Let me start by telling you that I won't write about all the support you've lent me since our tenure, be it for SARC, internship & placement, or even life--not due to the 700 word limit but since I'm lazy. Also, let this be an on-record testimony that I got my internship & placement due to Kapil Shobhnani. Thanks for being 1 of those rare ones who were patient enough to let me be comfortable with them so I could take off my mask of snark and cold attitude. You have a lot of calibre; all you need is to believe in yourself & project that confidence. Hope to continue fighting with ya for a long, long time.

Amarjyoti Nayak : You were one of the most active persons, not only in our wing in hostel, but also in the department. I liked your sincerity in academics and in PORs of SARC. Even, in a violent atmosphere, you get your work done and are focussed. A cool guy, I wish the best life ahead. Take Care, Kapil.

Pallav Banka : Hey Kapil, it was really great working with you as a part of SARC team. Bohot daat khai hai apse but I am sure it has been a major part of the improvement I made in myself during my stay in insti. Keep in touch!

Anumay Ashish : Kapil bhai, har minor mein saath diya aapne aur aapke rehte time bhi acha kat jata tha, siwaye last wale ke.... waise wing mein toh chu*iyap kiya hi hai apan ne, but aakhri sem ka woh water fight kaafi yaad rehne wala hai, also not to forget the two treats. Tu wing ka resource center tha in every sense, koi bhi cheez ho tere pass sabka repository tha(Used many times in four years). Chill mara kar itna pain mat le, waise bhi kaafi machana baaki hai tera toh.... touch mein rehna and haan wapas aake ek baar wing photo leni hai

Muskaan Kochar : Kappiiiiii/Maggu Max! Thank you for being an amazing senior!! And trying to rationale my impulsive decisions XD I am so grateful being a part of the SARC team :D Hope we stay in touch! <3

Mahale Chaitanya Rahul : Kapil bhadwe! You've played a very important part in most of my achievements during the tenure ♥ Intern prep rahe ya acads, hamesha tera message rehta tha ki aage kaise badhna hai! Apni tenure ki bakchodi to yaad rahega, golu ki room, random Bahar khane Jana, walks aur jhagade bhi 😊 tabse kafi sari cheejo me saath hi rahe hai apan. Yaar sacchi tu na hota to bohut sari chije na hopati on both personal and academic side. Thanks for everything thing sale ♥🔥 Ab bas tu thoda positive socha kar aur dekh kitne tej aage badhega, kyuki hardwork ki upper limit to tu hi define karta hai ! Aur Tere kaam ki tareef sabko hi pata hai 😊 Machate reh aur contact me to rahenge hi (ludo lodu?)

Khidir Usama Abdul Karim : Bohot bada chutiya hai re tu but fir bhi bohut helpful. Sabse zyada disagreements mere kisike saath hai toh woh tu hai fir bhi bc har baar help kiya hai re tu! Be it placements or our tenure har baar u were there unflinchingly. Serious dedication aur hardwork dekha hai poore tenure me tera aur uske baad bhi, ur leadership skills are never to be in doubt and despite not seeing eye to eye (I rarely do with anyone) mujhe tolerate karne ke liye thanks. Lekin fir bhi har baar mujhe mafia me pehli baar me bahar karne ke liye no thanks.

Mufaddal Bhanpurawala : YO Teammate, I haven't met a more decent, hardworking, precise and equally helpful person as you. It was great working with you. Let's have that team trip we have been planning for so long.

Ayush Ankit Singh : Kappi!!! Team ka sabse pyara banda jo sabse zyada rota hai. Always very hard working and hamesha dusro ki fikar karta hai. I don't think I got comfortable with someone as fast as with you. Tujh se hi stickers aur gif se baate karna sikha hai. Kitni late night walk, kiti waffle n Ice cream treats ki hai apan ne. And the opening to each chat are my favorite 🥰. A certain someone still ask how are you 😊. Will miss those chats. Thanks for all the love and support ♥.

Hitansh Chandra : Hey Damp, really lucky and proud to be guided by you over the year. I am really thankful you were always there available for any sort of help and trust me most of your advices helped me a lot in the last year, may it be por acads etc. Your honest opinions were just what they needed to be and really liked the way you portrayed things. Rajat Jain : Kapil!!!, I'm so glad bc ke baad you didn't disown me. Apni life me toh sab machaate hai but to make others' life better is the skill you've mastered. Aapse kitni baatein share kari hai and your advice has been helpful always! (P.S. I nominate you for the best inter-department mentor award!) Wish you all the best for you future endeavours! Harshit Handa : Kapil!!!!!! tere dedication and hardwork ke liye infi respect he bhai 🙌. Har field me tune apna more than 100% diya he, be it SARC, placements or acads 🙌. Infi helpful he tu bhai, and tu humesha logo ke liye available rehta ♥. Infi memories he sath me, infi bakchodiya, treats, gossip, golu ka room, Alumination ke time VMCC me sona etc etc. Still remember jab tu, golu and ciru mujhe aadhi neend me dhake marke maddu mess leke gaye the 🤣🤣. Baki machahte reh ♥. Stay in touch ♥.

Golu . : Wo din bhi kya din the <3 After Nandu, with you I have the best memories of random midnight strolls and dinners at H2 canteen. You always used to say that I withheld you, but here's something I want to share - Whenever I felt low, you made me happy; whenever I was angry at something, you happily heard my tantrums (you know about what); and whenever I had self-doubt, you made me trust myself. Although you were a cry baby, I myself was a child when it came to certain things. You somehow always knew what bothered me and how to make me feel better. Thank you for sticking with me and being there for me always <3
