M Arun Kumar : I have read the definition of discipline and you are the one to implement it. I'm eagerly waiting to see your project work sink :P). His work reflects hard work and dedication. In fact he started influencing me and we followed similar morning routine(My day started with him banging my door at 6:30 am and he always felt its a late start). Our evening trips to ground during placement were stress buster and unplanned Mumbai trip is memorable, if not for this corona we would have done many things. Lets finish what we started in Mumbai at Bengaluru.

Anuraag Tummanapally : Ye bandha kabhi na kabhi space ke related kaam karega (dot). Your Passion for tech is peaks. The Only youtuber who knows me :P. Looking forward to more parties n fun in Bangalore with you PS: don't worry, won't leave you alone in Bangalore.

Kurapati Hitesh : A person with discipline and knowledge. Always ready to go outside(only weekends as per schedule :P). You made your room beautiful. A person who works very hard. You deserve it. All the best for future endeavors. Enjoy well in Bangalore

Sagar Ganpat Sangodkar : Very self-motivated and hardworking person who always keep his room decorative. I am sure you would not leave that VLC stuff and might take it to a patent level ;). Keep up the good work and do best in your job. stay connected
