Anirudh Singhal : NMC! You'll always be remembered for your shitty logic and your ability to defend anything. You made MAC immensely memorable xD. Sad we couldn't go to sunny a few more times, anyway you made last four years a lot of fun <3

Apoorv Srivastava : I hope Team Shunya yaad hoga tujhe (:p). Jyada kch nhi, bs itna kahna chahunga ki I did my best to ensure smooth packing and transportation of material to china (XD). Mayur k sath jo ek chinese team k ghr pe ice cream khayi thi wo yaad hai tujhe? Abhi yaad aaya mujhe. Baki to kya hi kahna, machaya hai tune. All the best (:D)

Sushil Khyalia : hello somansh cat topper _/_ kaise ho somansh. umeed karta hu har dishao se aapke jeevan me khushi aaye. also kabhi milne aao to santra barfi leke aana somansh

Arpit Kedia : Somesh! Labs were so much fun because of you. Apni treats ki memories humesha cherish karunga, especially jab sab baat karte rehte the aur tera dhyaan khaane mein rehta tha :D CAT se bharosa uth gaya jab tu ne top maara ;D Too bad we didn't talk much during JEE. Thanks for the hilarious jokes, and teko good luck wish karke kya faayda, tu anyway machane hi waala hai.

Debanjali Chatterjee : Hey Somansh! You too were an amazing lab partner (and I also got to boast ki CAT ka topper mera lab partner tha :P) You are very kind, humble and helpful. Wish you all the best for your future endeavours!

Ayan Choudhary : When we first met during H16 room allocation I knew exactly from that moment what kind of notorious and super-sneaky boi you are :P. You're a Life Consultant man--->I've called you Robotic from the start but the way you put down things & make a logical & informed decision is outstandingly commendable <3. I'll never ever witness such a witty + extremely fast decision maker ever. Your computational & logical skills are something to be proud of. Extreme love and affection for Taani partner made us closest friends xD(And the combined emotions towards making PP do shitty moves too :P). Mera ego down karane k lie shukriya & Mere sare mental traumas(Dola re Dola, Scares & hanger) k liye thanks <3

Pranav Sankhe : Somansh Bhau! Tune disha toh badi sahi pakdi hai! I am so happy to learn that you're going to joining Sony and coming to Japan! So proud of you and excited to hang out with you in Tokyo! Irrespective of that keep acing at things as you do and stay awesome!

Aniket Prajapati : Mere Krishna and my psuedo roomie♥ I have discussed every single idea and initiative with you. You always had the right questions to ask and missed no moment to mock my bad moves. Hope you remember our second year all nighter discussing your personal life where I did just opposite of what you learnt from life xD. Tere sath viral ki maarne ka mazza hi kuch aur tha xD Anyways it was because of you that I could do decent in GDs. Boston scientific just made it better. Remember how I hopped over you after seeing the result 🤔. Office days, Foosball, auto moments, visiting monuments, and then the spice of our friendship 'SASS', everything was just perfect. Thanks for being my charioteer always.

Parth Solanki : Somuuu bharii teri logo ko nakal karne Vaali skill kaafi mast hh 😂. Tu yrr kaafi cunningly hastaa h dustoo ki maarne k baad xD xD. Apna ford me bitaye huee 3 weeks kon bhul paayegaa. Infinite bakchodiyen kii hogii apan nee woh lift waale chachaa, raat ko paneer khanaa aur bohut kuchh. Tu hi ek thaa jo kahi bhi ghumne jaane me manaa naii kartaa thaa. Abhi last year me badminton khelne jaana meraa h6 me aake tum logo k saath pade rehnaa kaafi chill time thaa woh xD. Milte rahenge 😊

Ritik Bilala : Humour Chor-dia (somu chordia) its your nickname in my fb messenger. Ford ne kaafi gehri kardi osti , milke jo logon ko pareshan kiya wo moment hamesha is universe me save rahega. Tujhse book padhne ke 101 faide jan ne ko mile . Dude FLY HIGH in life !!!!!!!

Abhijeet Banthiya : Somu aka CAT Topper aka plumbing God! There are so many things to write about, starting with team shunya we did many things together be it project, electives, trips and also ranting about people :P. China was much more fun because you were my roommate (and because I got to eat lots of free food xD). Plumbing ki never-ending shopping trips, raat mein 3 baje lab mein movies, endless struggle of fixing the phone (camera) during our experiment, and Asphalt ka adrenaline rush <3 are few of the many moments I could never forget about. You always have the wittiest response to anything and your reasoning is something I admire a lot. All the best bhai! Hamesha machate rehna! :D

Shreyas Likhar : Arre Somu bhai!! Ford se shuru hui thi ye daastan aur fir to kya kehna placement season tak ke random talks. Wo HetalFrod ki udaane me maza aata tha. Wo lift wale uncle ko sunne ka aur kaan se nikal dene ki baatein, subah uthne ke chochle, Ramu ka laaya hua khana. Ramu ko kaise bhul sakte, bichhare ne tere muh se kitni gaali suni hogi 😂😂. Bas aise hi maje me rehna. Aur hame bhul mat jaana ♥♥♥

Drish Mahnot : Somu yaar kitna overachiever karega! I still remember the 2 hour lecture you gave me near the water cooler after you tried to understand me and my aspirations xD The wingie jo hamesha kisi na kisi ki leta rehta hai. I hope we meet again at a handing over treat taaki apne paise vasool ho. I will never understand how tune CAT aise alag level phoda, but you deserve all the great achievements. Health condition update karte rehna through the page please! Jain girls eating pyaaz is not a kink you should be ashamed of.

Kratvesh Pandey : Somu somu Bhai bhaiiii! Overachiever sale, atleast you're doing justice to my name xD Tere skills manne padenge bhai. No matter what the topic is or how wrong I am or how shitty my arguments are you always came up with something shittier and got my back please keep on doing that xD Tere sath milke sabki lene mein jo maza hai woh kuch aur karne mein hai nhi bc. Tere Su wale kisse bade famous hein brooo, bht logo ko rula rula ke hasaya hai unhone even those who don't know you now knows tere arguments ka level. Machata reh aise hi <3

Rahul Manglik : I would want to write a witty word but with the wittiest wingie it won't work. From my first night out where I did no productive work to the boring interviews after CAT (which were not productive). From the microscope GC to the huge competition in sustainability cell election. We have done so much stuff together. And I want you to remember that while gifting that sony Dog to me

Phuntsog Wangchuk : Boht dardnaak jokes sunaaye hain tu ne, zeher itna suffer nahi karwati hogi jitna tu karwata hai. Aise vatavaran pradooshit karne waale jokes maarne waala banda Sustainability ka head kaise bana pata nhi, baaki machaya to tu ne boht hai inn 4 saal mein. CAT phoda, placement phoda, hamara maatha phoda. Aise hi aage bhi phodta reh.

Viral Shah : Somu mere bhai, mere dost mere yaar !!! Tere bina insti ka safar soch nai sakta bhai. Koi bhi cheeze me ekdum instant response aa jaata hai tera (bhale he kaam ka naa ho toh bhi !). Acha hua saare time pados me raha tu, bhai ke udaas chere pe sabse zyada muskurahat tune he laayi hai. Mere sabse embarrassing moments tune he experience kiye hai (ED me table se girna, Sigree me hanky shoulder pe daalna). 2 saal same POR lete rahe apan, woh saare events kaise he ho paate tere bina. Maine kabhi bhi khane ki koi jagah boli hai toh sabse pehle tera he support aaya hai bhai. BCBzzz me sabse zyada machaya rahega tune. Aage bhi aise he phodte rehna, baki tere saath Japan toh aa he raha hun mai.

Aman Srivastava : Somansh, a CAT topper 2019, appeared to me as a truly dedicated student who if wanted to achieve something will consider it as his passion. It was my good deeds in the past, that I got an opportunity to work with him accidentally in the Sustainability Cell. I wish him a great sustainable future!

Yash Shrivardhankar : From "Ye kya baat hui" to "Kya mast baatein hui yaar aaj" our bonding went places! Ye 4 saal mein maine insti se kam aur tere se jyada seekha hai. Tune mujhe sochna sikhaya (how cool is that!). Thanks for shaping my life mate! Living with you has definitely taught me that introverts can be way cooler once they really get comfortable. Mere kitne random thoughts & baatein jheli hai yaar tune! The perfect companion to share my room with! You are a gift to BCBzz. Spending these 4 years with you were a delight. Couldn't ask for more mate! You might be an overachiever for the world, but for me you are my Kela boi okay! I wish I could write more man! Love you Somu <3

Chahe acads ho ya kisi ki leni ho, tera face dekhke samajh aa jaata hai ki kab tu kuch khatarnak soch raha hai XD. Your ability to see the bigger picture and being able to do things in a goal-oriented manner is something I really admire. Machane-vachane se to bhai tu ab bohat upar nikal gaya hai, overachiever saale XD. I really hope you do something great for a sustainable future. Par usse pehle khud ki achi health to sustain karle XD. Keep eating koli-koli daal and stop the sud-sud for starters XD. Cheers to all the fun times and our trips :)

Apurva Chavda : Hellu Somu Bahut machata hai tu aur sab jagah over achiever 🤔 mera najariya duniya ka thoda alag tha but tune mujhe ek najariya dekhne k kiye inspire kiya jo me shayad tere bina kabhi nahi dekh pata. Santra boi bahut jagda kiya me tere sath 😊 kabhi jyada dukh hua ho to maafi chahta hun. Kela boi Hamesha machata hi rahega tu aur logo ko inspire karte rehna aur ye paapi duniya ko sustainability ki raah pe le aana jaldi se 😊 All the best for all your future over achievements 😊

Vardhil Mehta : Somu Chomu mere bhai! Team Shunya me mile the apan fir to apni jodi pure team me famous ho gayi XD. Shreyas Pimpalgaonkar : calling you an overachiever is an understatement. the amount of work that you've put in to build yourself and make the best possible judgment in any situation is completely admirable. i keep on learning from you everyday. i'm really going to miss you and I don't think anyone will be able to fill that void (though we'll stay in touch). thanks foR all the great memories in And out of the instl, late night conversations with You were always fun and intellectually stimulating. i hope you continue with music and one dAy we'll play together. keep excelling like you always do! and send me your robot, ;)

Pragun Badhan : Sliding into your yb just in case you forget. Your crazy smart brain has already made you a half celebrity, future main full celebrity banayega with sky reaching success. Thanks for the literal infinite memories; raat ko, canteen main, classes main. Talks with you on a tight/lukkha schedule were always one of deep/interesting/stupid/inspiring and humesha rewarding. Probably one of the things I'll miss the most in insti ♥. I'd marry you if I could. To Japan and beyond!

Pattisapu Divya : Scrabble expert, a co-intern at hell and a founding member of the 'Kat toppers and friends'! The time at Global Fusion was fun, we were part of history in the making as spectators and cheerleaders of a Snorlax eating 50 sushis. We caught rare glimpses of you in US603, some in which you were reading a copy of 'Garfield'. Do keep in touch with us! And fetch us some Japanese souvenirs pleaseee

Harshit Sanjay Kothari : Apse to college k pehle hi mil liya tha. You struck me as an innocent and thoughtful person. Since then it has always been great. Pehle Techfest coordinator the, remember Maxwell? And then H6. Thanks for all the advise. Treat reh gayi yaar. Lockdown khulra hai. Milte hai jaldi. Good luck!

Vikramaditya Patil : Zomanshhhhh, You are a really chill person man. I tell everyone that the CAT topper is a close friend. Loved hanging out with the BCBz in the mess and in your wing. MAC was so much more fun because of you. I still remember you guys always coming late to the morning briefings of MAC, doing all kinds of stupid shit in the night and the Kashmiri instructor reprimanding you for it. I am very proud of you and I am sure you'll give me more reasons to be proud of having such a cool friend. All the best!
