Bhishma Dedhia : Yo ma man Ben! I am glad you decided to become roomies with Prabhat in the final year and in turn became a pseudo roomie of mine. We operate on the same wavelength! Spending long hours with you and Prabhat, discussing arbit shit and watching random videos all day long are my favorite final year memories. Thanks for fixing my laptop <3 You are one of the most chill people on campus. I wish we had come this close earlier. Machadana final year and stay in touch man!
