Kahan first year mein hum log Preey aur tere CR campaigning ke maze le rahe but no doubt, we couldn't have gotten a better CR. Baaki I'm really happy to have been a co-TA with you for SSL. That really helped me realise at first hand that what a great person you are ♥. And sir ji ab to Amsterdam mein crorepati ban jaoge 😊, bhul mat jana hum logon ko. And yaar salsa night ki asliyat to bata de 😊. Anyways, wish you all the success in life Saiteja. Stay in touch.

Poorvi Hebbar : Hey TST! Thanks for everything sir! :P I have been pingging you, and calling you every time I have a acad related crisis since my first year, from choosing Physics over cs or going for Ms over placements, lol sorry about that. But you have been the most patient mentor ever and always have motivated me whatever might be the case. We have been looking up to you since chaina days and yeah thank you so much for all the teeps and treeks. You are the sweetest and the most humble senior yarr. I wish we could hang out more and discuss something not related to acads though but lol I was always the one asking questions all the time :(Best of luck for everything and as usual machate rehna 🤔

N Jagadeep Sai : If it weren't for you i would have never knew what 'pulihora' really means. Keep Smiling :) (she's watching). Of course i will be in touch with you.. don't forget the treat

Yash Sharma : Hey TST! Thank you so much for your mentoring. I take some important lessons into the future from all the talk we had Thank you! Good luck!

I always felt warm and relieved talking to you. I really admire how you manage so many activities together - acads, CR, Damp sab kuch kiya bhai. I'll always cherish our late night talks in the canteen. (Remember that fruit beer? :p). I hope we remain in touch bro! Take care and all the best 😊.
