Neha Idnani : Hello Shaifali! Beauty with brain! I have learnt a lot from you to make your own decisions, to not dwindle from what you have said no matter what. . Tera organic aur pani ka dar bhi alag hi tha :p , the night before KPK exam solving all the questions and it helped maybe. That confidence boosting in December has helped me alot. And we will miss eating momos(Mirchi and Mimes k saamne), puri bhaaji and cheese Maggie (h-12). Have a bright future ahead! stay the same!

Subhabrata Dutta : Haven't talked much! Isn't it? 😊Hmm.. Well I must say, you are the only person with whom I used to think "kya ye sidhe sidhe jawab degi?" 😂. Graceful dancer💃, always updated with best collection of songs🎵! (#farewell), hardworking, beauty with brain!. Most of the conversation happened during fortran period! 😂.. Anyways! Keep rising! Jo chaho wo mile,! Stay happy! Stay connected! Fir milenge! 💙

Aosheen Anand : Hey Shaifali! Couldn't miss writing about you. ;) From sharing our first air trip together to talking about internship grievances, we have come along a long way. I miss our chit-chatts in your room and thoda sa kinetics ka gam 😊. You're a person with wide vision and pragmatic approach yet an insensitive fellow, sometimes 🤔. I still remember hoping to find you outside the hostel gate every single evening with Oreo and Rascal. 🥺 You're gonna achieve great, great heights. Stay the way you are! See you soon ♥
