Ishan Tarunesh : You are such a mild person with extreme view on politics lol. There would not have been so many funny and memorable stories from the intern had you not been there. You shouldn't worry so much about the opinions of others or what the future has in hold for you because trust me you are a nice guy (not the reddit one) and good things will come to you. Abhi to apna safar shuru hi hua hai. Next Mitron meetups in korea PS - Khan sahab memes for politically neutral teens group banane wale hain Sushil, Me and Syamantak.

Syamantak Kumar : Arey Kartik bro _/_ !! Thanks mere and Sushil ke liye itna kuch karne ko 😊. Cheers to the countless projects jo apan ne saath mein kiye 🥳. Seriously yaar tere bina to imagine hi nhi kar sakta ki itne saare exams kaise diye hote. And itni baar Hiranandani kaise gaye hote 😊. You're seriously one of the smartest people I know dude, bas thoda confidence rakha kar khud par, phir tujhe data bhi de denge model train karne ko 🤪. Ab Korea ja kar unsey vo mat poochna jo intern pe poocha tha. Bas thoda chill kar lena vahan, poore time kaam mat karte reh jaana. Party to mai le kar rahunga tum dono se. The Bro-Code for life yaar 🍷🍷

Sushil Khyalia : bro pretty sure insti me tu mera sabse purana dost hai (maybe after Mikki but issok). I like how relaxed you are and kabhi bhi gussa nahi hota. Seriously tho thanks mantak and mereko apne team me lene ke liye warna idk humara kya hota. Also bros before hoes isiliye jab bhi aana ho aa jana (only saying cause I know 0 hoes aane wali 😊😊😊).

Kunal Goyal : Yo Kartik! You are the most logical person with whom I have had discussions on random topics. I enjoyed talking to you about your solutions to political problems 🤪. You have achieved everything that you have wanted. Bas ek cheez reh gyi... bandi. Wo bhi mil jaegi korea me hopefully 😊. I know it is your way of pushing yourself, but ROYA KAM KAR! PPO wali bet yaad rakhna. Ab to lagta hai, 2-3 saal baad treat le paunga to yaha pe record kar rha hu 😊.
