**Ruchika Pandey :** Krooooootes, what do i say about you. Itni saari bitter sweet memories. Thodi nok jhonk, kaafi pyaar. MissDatapedia, thankyou, for keeping your door open so that I sneak in and take away all the kurmura stuff and satisfy my bhookh. And that in nutshell explains how you are. You always keep the doors open for everyone and you are always ready to help. And I genuinely appreciate you for that. Intelligent to tu hai hi, no doubt, but thodi si politeness chahiye. Yaad hai, auto vale bhaiya ko kaise danta tha? XD I hope when you read this after 10 years you are a stronger, successful and confident woman who is showered with love and affection every day. Lots of love and success awaits for you ;\*

**Sayan Roy :** Kruter, first of all, start a website named Krutipedia. And when are you giving me that Chicken Manchurian treat? Everybody took your name in the first breath when we needed help or information on something. Gosh, I can never work as hard as you do. You are one of the few people, who would sacrifice their personal comfort to help others. I cannot imagine our almost smooth placements without you. Yes, you can be extremely annoying sometimes (for example, when you continuously nagged to return to hostel after our overnight Marine Drive trip), still we always gave you a call when we planned for something. That's how close you are to our heart.

**Shubham Pallod :** Hey Krrrutika, thanks for the amazing time in insti. You're one of the most hardworking and dedicated person I've ever known. You exactly knew what you had to do when you came to insti. Even though I wasn't a part of placement process, I saw how diligently you helped everyone get placed. I don't think anyone could do that job better than you. Also, your sketching skills are really amazing. That Rick and Morty wala sketch was my favorite. And thanks for HS792. (you know for what ;- ) XD ) I owe you a treat for that. (jo milegi pakka) Aur samundar me kachra mat badhaya kar. Ek chappal kam gyi to bhala ho jayega kisi bechare turtle ka. Chal ab zindagi ke mast maze le le.

When I look back, most of my time in IIT is occupied by you. You are annoying, always curious about others, interested in gossip, never ending list of kruushes.. and especially your stalking skills OMG...no one can beat u in that. I miss those sudden trips, ordering food, night walks, juice cravings and the list is big... I really developed lot of patience being with you. Be happy as you are and don't forget me. I hope to meet u again & hangout. All the best for your future and rock your job in mumbai.

**Pradip Karmakar :** Hey krutika , the lazy DPC ... honestly , u did a lot of things but still i will call u lazy ..:) u are as crazy as I am ... the best thing I like in you is that u r soooo simple !! I gotta learn lots of things from u definitely .... the genevision memories are unforgettable and most importantly i was lucky to get such an adorable co-DPC , it was nice working with you ... wish , u will not forget me and stay in touch always ...

**Bharti Arora :** The world is waiting to meet your boyfriend you know? "That ambitious girl"-- That passion with which you legit "chase" your goals is amusingly inspiring to me. You are not completely "white" when you are chasing your dreams. Will you start owning your blacks proudly? That'll look sexy on you. I hope to see you more honest in your demeanor when I meet you in future. The world wants to thank Kruterpedia for the timely updated gyaan we received. (Some free advice: Embrace yourself; physically, mentally, emotionally).

**Nidhi Kapoor :** One of the most hardworking DPCs! The first time I met you, I was amazed at the ease with which you made friends and the huge number of people you already knew, within just 6 months of being in the campus. From what I understood from your interactions with your friends in the hostel corridor is that you are truly a "Yaaron ka Yaar". I really admire your enthusiasm for work. Let nothing affect your innocence and keep up the bubbly spirit. All the best!

**Syed Shehbaz Ali :** A genuine critic is better than a thousand praise(by Shehbaz ali). You may have many friends but irritate karna wala to mai akela hi hu. So this way i stand unique in the way u will remember me. Irritate karna to nahi band karunga maza jo ata hai mujhe. Ha but ek baat zarur kehna chaunga, baki ladkiyo se alag hai tu kabhi bura nahi manti itna kuch kehne ke bad.Ha aur Indore me itna kya khas ek baar aake zaroor dekhna chaunga shayad teri shaadi ke time(haha). Bohot badhiya kaam kiya DPC ka tarif to banti hai aur kabhi job ki zarurat pade to pata hai na tere liye ek job reserve rakhi hai maine. Jab bhi irritate hone ka man kare to mujhe yaad kar lena. Your's IRRITATOR Syed Shehbaz Ali

**Nakul D Ghathe :** Hi Krutika! I came to know about you during our DPC tenure but we gelled really well during this lock down period. You have been a constant source of news and \*ancient\* memes for me :p From our little idiosyncrasies to even our routine we have shared loads of stuffs on a daily basis (I guess we both are extremely talkative) But yeah thanks for making this period somewhat more bearable and I hope we cherish this time and friendship for years to come. Wish you the best :D

**Rumjhum Mukherjee :** We talked to each other during the rehearsals of convocation, didn't know before that you are way more Bangali than Marathi! The only Marathi I know till date who loves Indore namkeen! I hope your hardworking self takes you to Japan someday and thus you get your wish fulfilled. I hope you find a cutie too and enjoy yourself thoroughly! 🤪 Jokes apart, I wish you all the best in life! May you always keep working hard and excelling in anything that you do! 😊

**Balwinder Singh :** Hi krutika Talegaonkar...do din lage the to properly pronounce your surname...heheh...😊😊...so the first memory of krutika in my mind is "your doubts" that you used to ask on CC-DPC group...I always used to have discussion with my fellow CCs ki yr ye krutika kaun hai....bhut nak mein dum kiya hua hai isne...😂😂but then the D-day came...when you called me...Balwinder..pls swiggy hmare department ke liye open krva do...uske bad placement season...you remember our late night talks, out late night visit to munna bhaiya for tea and dosa...you will be missed buddy...take care...

**Survanshu Saxena** : Hey! Kruter,, one of my besties from the starting days. Few misunderstandings or whatever i dunno had broken our bond. Still remember all those roaming, night outs, pallu k saath pehla truth n dare, sun - moon jokes (Haa krdo usko ab to), infinite trolling, going to restaurants, etc. It was all fun and best. U also know that only I can challenge ur database and stalking skills 🤖. Hope everything get back to normal so that we can resume the things like it was in first sem. Warning! It has a disadvantage that I will troll u again🤖🤖.. Congrats and best wishes for your job - phaad dena sbko. Also, all the best for ur career ahead😊.. MIT wala ya phir sun mil jaaye tumko bhi!!

**Sumukh Vaidya** : Hey Krutika! It's been quite some time since we've known each other yar. I'm so happy we also got to be batchmates in insti. It was great interacting with you during all those placement times also. All the best for your life ahead !!!

**Rajat Jain** : Arghh! I'm writing this on the last day, at the last hour. I need to work on this. Anyways, par ye toh kisi "matki" ki wall hai.. Kruterrr! Yo ! I'm only writing this to clear your misconception that only last yearites can write! (\*facepalms\*) Ok, so I can imagine how sad you are because you would no more be working under your "beloved" prof! After all, he made us 'compatible'. xD Everyone knows about your sincerity, hardwork, etc. Keep rocking! The best thing about you is that you value your bonds and ofc your "kruter"ness. No advices, but wish you best of luck for your dreams (of dating someone and hopefully go for a prom dance. :P) See ya! (limit reached :) )

**Sameer Kulkarni** : Aabhaar! Indeed. You are always welcome in Pune. Ek nahi anek ahet (famous dishes):) Indore la alo ki pahile food street la gheun jashil mala (I am a foodie, evhana kalala aselach). All the best for your future endeavours:)
