Remember how we scraped past Info theory and crypto and network theory wala minor :P Although tu faltu ka bohot rota tha, I always liked how you used to get the job done end mein :D Bohot smart insaan hai tu, and here's to hoping you conquer life with the same. Kabhi kabhi hume yaad karte rehna :)

Pragya Valay : Moooooookundddd! Yaar us call ke baad I realized kitna jyada cool hai and respect to infinite ho gayi. You were not a bad lab partner, acha hi tha sab, except the lab itself :p . You seem a very straightforward progressive guy and have things very clear in your head, being kind at the same time. With these qualities you are bound to do great things in your life. I hope we get opportunities for other such trips tooooo. All the very best for everything.♥

Aditya Tapase : Hey Mookund! Thank you for the compliments! It was always fun having those brief discussions and talks, be it in the mess or my room. Anmol Gupta : Hiiii Moooookuuunnnd (in the same tone that you use for Hi Anmol at times :P) Thanks for choosing me over Ritik for endorsing in GS elections :P - and doing your bit even with little fucks to give haha. Could relate with you on many things in final year, and glad for that. H18 mein tech wing achhe se sambhali apan ne :) Also you should thank me kyuki meri wajah se you got to tease Ishita itna :3 (not to forget 1-2 awkward wing encounters) H6 mein witch-hunt was fun na? :)) Tere sitting/sleeping poses BEST hote hain XD (I have loads of pictures). Thank you very much for listening to my loooong rants (I'm pretty sure they were quite annoying :P) and all the dinners we went for! Also, thanks for helping me out with coursework and stuff whenever I needed it. Stay amazing like this always! All the best for all your future endeavors, and stay in touch :D

Adhirath Kabra : Budapest ke bridge pe kiye kaarnaamo se leke gin peeke iceland mein gaadi mein sona.. hm hm.. never thought semex se pehle apan kuch aisa machayenge.. kabhi jaunga na kisi bhi country to aisa hoga hi nahii ki tumhari yaad na aaye.. sad hai :((A***** ka mat bol bas.. the more the merrier.. bc.. trip to apan kar rhe hain ek din.. koi kitna bhi naive bolde.. ye to hoga.. tc man! tu bhi anmol jaise toota hua rehna chor de bas xD

Sanket Agrawal : Aaye Beefy! I am so proud of being the person who gave you this nickname for life B) One of the first closet friends in the campus? :) Times have been real good with you all these years. Haven't seen a person more straightforward and more banya than you, not to mention more chupa rustam than you too (gossip king). Always one of the first few people to know stuff about me :) While everyone gives me the calm, you give the logic to fight the problem too :) Start opening up a little bit too? This would be a good time to say no matter how much we fight but it won't ever change the equation between us so don't think that I would ever have any grudge against you. Stay in touch bey always!

Meeta Hassani : A half-eaten box of chocolates as a rakshabandhan gift, seriously mann? I am always going to curse you for that last shot. Also, say thanks for those potato wedges and crepes. I hope that makes the leverage count even. PS: I forgot to say 'Hi' because I still don't remember your face. PPS: Send me your address, rakhi bhejni hai :P. gift bhej de na. thx

Mohit Madan : Yo beefy. You have always a simple and ground to earth person. Omg that TA session of Communication. That was one of the worst days of my life. Let's build something fruitful out of these meetings we have almost everyday. Aaj milna hai XD.

Ishita Shah : Meri rakhi treat abhi bhi bachi hai, kab chal rahe hai? <3

Darshan Tank : Mookund, our lives have found ways to entangle themselves in one way or other. EDL, ENT and what not! Deepak ke sath DL ke saare talks and sessions me kaafi sikhne mile. You are good at selling things, tu itne achhe se karta hai ki muje bhi mann ho jata, like tu CFA kar raha tha aur bataya to I felt, it seems interesting and can be done. Bas tune life me ek galti kardi. Muje FIFA me underestimate kardiya xD Chalo, kal meet pe milte :)

Pranav Thakkar : I wish we had met earlier in insti dude, tu kitna chill banda hai and honestly if it weren't for you and Thada, humare ISMP subgroup se mera bohot giveup hota lol. It was great to have you close by in H18 in the final year, I'll always remember that TAP waala din and the gossip session that followed. All the best for aage, kabhi bombay me hua to catch up karenge :)

Shubham Goyal : Beefy , dual log dual year me milke ache dost kitna jaldi bante he tum jaise logo se pata chala, tere saath case krne me kaafi darr lagta tha with the kind of face you kept while making me do the case :p we ended up somewhere else other than what we wanted but i believe you and your dedication ki tu machayega , tum humare saath party kam krte ho aur serious lagte ho :p but nvm improve krlena uspe, and apni taang vagerah sambhal ke rkho :p

Raghav Khandelwal : Vo shot to hamesha yaad rahega ❤️ And also all those planned/unplanned trips, khana banana and what not. Ab sheedha Chelsea ka match dekhne jayenge 😊 Also thodha hath paun ka khayal rakha karo and kabhi bhi kahi veg na mile tho falafal/mcd ko mat bhulna 🤪

Anjulata Charan : Beeeefyyyyy Hii😄, hehe it's fun telling you all the stories tere reactions masst hote h😄😄. You're not supposed to forget library vala incident everrrrr. And stop breaking the streakkk. Good luck for all your future endeavours♥. stay as awesome as ever, mtlb jyada bhi ho skta h but ye vala level maintain krega to bhi chalega

Tanya Gupta : Can I say your yearbook post is also short but damn fun? xD I should have just gone out on a dinner with you despite having already eaten because ughh lockdown has taken that chance away from us. But I am going to hold you to it and hopefully whenever we meet next, we will have a blast (and you can figure me out then? :P). Teri placement stories sunke kaafi sad laga, even though you very smartly told them in a humorous way. I strongly believe there are great things ahead of you, so all the best for those and the journey ahead of you! Kabhi beefy ki backstory bhi batado toh accha rehga :P

Ritik Madan : Bhai tujhe woh din yaad hai H15 mess me when we were discussing about our interests and everything was like a 100% same? From that day to today, it's been such an amazing journey. Btw, tu jitna kameena (censored version) hone ka pretend karta hai, I think tu usse zyada softie hai dil ka. I feel I don't really open up emotionally but bc you're worse. So saath me let's try to be better because there's nothing we can't share over a 'square' pizza? XD. Also, thanks for all those honest (borderline mean :P) and in-the-face reality checks which you give. And thank you for the being the 'secret key' to my journey in sports. Agar tu nahi hota toh shayad mai NSO Squash me hi nahi hota :P

Ayushi Panghal : Mookund, I still remember the case meet I fucked up on my birthday that made me take a small break from placements for good lol. Tbh, it was just a random fucked up day but your super honest reality checks made me reflect and I always had good takeaways from our meets. :P Although we couldn't spend any 'informal' time together lol but I'll cherish our discussions . See you on the 'administrative' side if we both ever give up lol. All the best for your future. <3

Abhishek Singhal : Yo Mookund! Apne baatein waise kafi kam hui insti mai but jab bhi hui i enjoyed the conversations. Kafi sensibly baat krta tu. Ab toh we both are in finance (may be trading also) so apni aur bhi baatein hoti rahengi definately. Amex mai ML machayega tu that i am pretty sure. Aur thanks last time tune aur shrey ne sule ke BT project mai kafi help ki. Iss sem bhi sule ne mera bahut BT kraya yaar haha. Chal ATB bro!! Stay in touch!

Harshul Agarwal : Mowgli!!! 7 saal me tu acads ke mamle me bhi bilkul ni badla xD. Yaar wo kohinoor ke din best the...bas ek regret hai ki kaash me 11th me hi udhar aajata. Xlr8 me to mene bahut kaam kia tha yaar :). Probably utna kaam mene agle 2 saal me ni kia tha xD. I still remember wo AG ko mausam wali baat bolna and ye sochta hun ki me kya soch raha tha wo bolte hue :P. Teri abhi bhi bday ki party bachi hai :(. Aur to kya hi bolu yaar...bas machate rehna aage life me and paise ke peeche bhaagna band kar xD.

Kesha Tamakuwala : Yes we didn't interact a lot but it was always fun to with you in the meets! I hope you get to do everything that you wish for in life! And yes, if life presents an opportunity, I'll be looking forward to getting to know you better!

Sharan K Pujari : Wish you had spent more time with the wing. I also wish you pronounced correctly, but yeah (I've always laughed at that :P) I hope we can keep in touch and may be make it to wing trip some time in future.
