

MYANA RUKMANGADH SAI

Electrical Engineering

Yearbook
2020

Sachin Tak : Akka #22. Will remember our first year when we used to have long talks about any random topic which we can find.... Specially the talk on the first day of our insti life itself . Stay In touch.

Ganesh Chelluboyina : Hey MRK! I will always remember our first semester together... studying at library, going to the weekly Treelabs screening (Pompeii!), movies at IDC audi (children of men!), Restless maniacs, RC plane, visiting Sameer and Vihar, Marine drive trip after midsems. Cheers to a great time spent together, all these memories will forever be tucked away in a special place in my mind. All the best with everything ahead, and let's do stay in touch!
