Ganesh Chelluboyina : Pankaj bhai, I've known you since NCC days. Ever the cheerful and humble person, each memory we shared has been so much profound. Tulsi trek with you was the rawest adventure I ever undertook in my life. Probably nobody ever took the path we took. I also recall the many other adventures that made the mech sophie life bearable, including Yogi hills and Vihar. In final year, we were one of the few seniors doing mac and I found comfort in your presence there. Stay adventurous, and best of luck for the future! 😊
