Ojas Khewale : Hi jeet !! Lab partner since 5th sem till the end.... Sab se straight forward person of the group and workholic person 😊😊... Always creating new strategy to do finish work fast but we end up spending same time 😂😂.... Bhai kitna cs padega tu placement ke phele n badh bhi and mujhe motivate krne ke liye thanks ki coding kr kr.... Aage bhi milte rahai na life me... 😊😊😊

Bhadri Narayanan R : Hey Jeet! I have no idea how we became team mates in XLR8, but I'm so glad we did. The whole experience is very memorable. Right from the testings and the time when the bot broke and we were hopeless and finally completing even the AUV task, we stuck together and made it happen. Our ordeals with chemical were long, but that's over now. So cheers?

Rushabh Vora : Yo Pavani! Tu nhi hota to ABI adhe din jata hi nhi me😂, thanks for always waking me up for 2 months and making all arrangements for the intern(although hugga to tu waha bhi tha 😊). Intern days were lit af 🔥. ABI gossips, roz nayi bandi taadna, mentor and head ko chu*** banana, tera infi gyaan ch***a, apan tino ke talks which turned into roasts jab kisi bhi point pe 2 log 3rd ke against team up kar lete😂😂❤️, and ofcourse WC matches. Mera Coding prep material provider, random ideas generator, Lahoti ka banda😂😂, AZeo ke time bandi jugadne wala, the list is never ending..... Ek Bangalore ghumna reh gya tha wo ab kar lenge agar tere parents permission denge to😂😂😂

Kaushal Kishore : Bro, lots of memorable moments and discussion with you but the most unforgettable one! In the summers vacation of 2018, you came suddenly with your family and Shhhh😂😂

Atri Dutta : Best Gujju ever (including a certain prime minister lol). Will miss meeting you in the corridors, or in the mess, or in Kalpeshbhai's shop. Aadha politics to tere se pange leke seekha hai. Jate jate insti me saara corruption batake jaana :'). Next time baat karenge, pakka Shimla pe karenge!!

Kirtesh Ajay Gadiya : Please do not shift to Bangalore! All the best in future! Do not miss me!

Mrigank Mahajan : Jeet, I have always loved our conversations which have revolved around plenty of topics. All of them have been a great learning experience for me. I will always remember those late nights we spend studying in the study room and LCH, the gullu lunches and dinners, Rajdhani, staying in your room for many days as a pseudo roomie, and also the master union work. You have always had the toughest puzzles for me. I admire your dedication in everything you do and your ambitiousness in life. Don't worry, you will achieve all of it including owning that house you showed me on zoom. Hoping to always stay in touch!!

Kevin Shah : Haan bro aise hi nikal gaye 4 saal! Anyway aur bohot saal baaki hai xD Teko bhi all the best for your future :D

Mohit Deshpande : Bro! I regret ki apan isnti me hangout ni kiye waise kabhi, baaki intern pe 12th floor pe rehna bohot boring ho jata if not for all the bitching, yaha se waha seat change karna, har 2 ghante me break lena, aur heera ke kisse toh kaise bhool sakte hai, midreview ke baad toh aap ITC ke sath macha rahe the aur meri poorti team soch rahi tha hagg diya bc, bilkul bhijwa dunga maal tu jaha bhi hoga, keep charming everyone the way you have done.

Bidish Ghosh : Bhai Jeet yaar hard-working ka definition hai tu. I am humbled that you had such a high regard of me; I'll let you know ki mereko tere liye kaafi respect hai, because you've shown me what resilience means. Haan, kahi baar thode below the belt shots maarta tha but ig dosto me toh chalta hai ye. True partner in crime (because zindagi ke 2 saal ChemE ke labs ko tyaag karna crime hi hai xD) Thanks for being a good friend, and pretty much the best lab-mate :P
