Swapna Sarit Ojha : You are one of the funniest persons I know!!!! You have a natural talent of narration, and you make normal day-to-day situations sound so extremely funny. During my 1st sem, I used to spend a lot of time in lab. You and Aman were there, preparing for placements. I loved both of your company. Your banter was so hilarious, it made my time in the lab enjoyable. From my first semester, that is a time that I will sorely miss. P.S : We didn't get the placement-treat yet. We accept Amazon Gift Cards ;)
