**Prakriti Mehta :** Inke baare me jitna bole woh kam hai. THE Best friend, mentor, senior, bhai, one could ever have. JEE se mini quizzes se endsem tak saath Dia hai, hospital mein admit hone se lekar ek minor sar dard tak khayal Rakha hai. Hats-off to this amazing person. Freshie hokar bhi kabhi aisa feel na hone Dia ki I am new to this place, lakeside waali pehli walk, department kurta day, all those outings and birthdays, stargazing and what not. Kaafi kuchh Naya sikhaya hai iss insaan ne. I wish we could stay together for longer, unfortunately covid-19 made its entry :(. Baaki aapke lie toh hazaaron Shabd bhi Kam hain, one line to sum up "jahanpana tussi great ho"xp Love ya bhaiiii, See ya soon. ["Heeee" ;)]

**Swadha Sanghvi :** I can't imagine that you will be going now 😞. From being scared of you to scaring you we have come too far. From claiming to be one of the rare personality traits, u are one of the most predictable person that I know of. Thanks for being there always. I can't imagine how I would have survived that sem without you. It's been amazing and me and Devesh still have a trip due to Doon. Make sure u take out time for that otherwise accha nahi hoga 😂. Cheers to all those amazing hours of craziness together. I will always be the patient listener to ukw I have always been listening to.

**Kesha Tamakuwala :** Aakash bht pareshan kia hai tune NSS ke dino me, but I am glad somehow something clicked and we met again. Tumhare h15 ke chakkaro ke chakkar me hum vaapis mil lie :P i don't know you very well but of what I remember you are a quirky person and you always used go debate on random things, it has been fun. I hope you do super well in life and that we stay in touch!

**Aaron John Sabu :** Linux nerd... As in who seriously makes friends in the Library Reading Room?!! Anyways, started off with Naman's doubts... You were the Linux kid around, so slowly Linux fans were around you... And uske baad, idk... life just went on and on, right?

**Nilay Pande :** Yo Aakash!! Apan jab milte hai toh lambi baatei hoti hai. Ek baar toh H2 ke corridor khade 2 ghante random philosophy topic pe baat ki. I really like your passion for technology and Apple xD. Stay in touch man.

**Shruti Singh :** hey half roommate! you're an irreplaceable part of my first year here, thanks to praku. you've always been kind and mast! will never forget 'ee ganpat chal daru la' and 'beedi jalaile' xD xD plus mr.uno king! thanks for all the amazing advices, and super thanks rangoli ka 'the end' shuru karne ke liye xD xD xD all the best for times ahead. milte rehna! bye magpie

**Goru Meher Ritesh Kumar :** Hola Aakash, The funny thing is you were my neighbour for the first three years, and we hung out the most in our fourth year. I enjoyed our super long TT sessions, and we should play again post lockdown. Remember the debates with Neeraj on ios vs android, apple vs google and whatnot. It was quite funny watching you two argue. I must also admit that I am an avid reader of your quirky WhatsApp statuses, whether it be money heist, tennis, Australian fires, feminism, Linux or some random reddit posts. You are a nice and smart guy. Best of luck with your future endeavours.

**Ganesh Chelluboyina :** Memories of long discussions over night canteen food come to mind... and also some random chats when I'd see you at Ritesh's room. I always liked how insightful you were in all of our conversations. I'm sure you'll always stay ahead of the game as you were in insti. All the best!
