Gagan Gautam : Dedicated person to his work Plus your funny speech 🙌

Rohit Kumar Prince : For both good and little awkward reasons, I will remember my H4 roommate at IITB. I still remember how we sneak in to H15 in search of accommodation and the conversation on passion to work on water. To an all time energetic guy. Just keep your energy concentrated and do great in life. Make your family more proud of you in days to come :) (I hope tu ghar pe raat ke 11-12 baje bahar nikal ke call nai karta hoga :p).

Mohammad Anzer : Aman you are amazing person! Funny anchoring in PG fest, motivating H4 in sports, one of the best research mind that I met, complete versatile personality. You are one of my best friend in IITB ♥

Saurabh Kawale : Most sobber person I ever met...

Shubham Jain : You are one of the only few people I have got the opportunity to ever met who was at par to anyone around them. You are dedicated, hardworking and a charismatic person. I won't ever forget the learnings that we had together whether it be course, project or our late night conversations. I hope(actually knows fully) that you success in your future endeavors and I will look forward for opportunity to be meeting you again and working with you in future :).

Satish Dulla : Aman! You r very peculiar person that I hav ever met. favorite opponent to debate with. Our attitudes are quite opposite in dealing the things but u always carry logic and planning with it. U r workaholic and accountable which I like the most in u. Thanks to corona which kept u away from me during this MoRD fellowship tenure. Just kidding.. I hope to see u at more heights and be in contact with guys like me without thinking about time.....

Ananya Sarangi : Agar Ctara mein jai hind bole toh ek hi naam ata hai. i have been inspired by your hard work many a times but was not able to tell you in person. So let me tell you some other things also.if I can have confidence as yours, i would feel lucky. Though we have not started with good terms but i learnt a lot from you from your discussions in class. ek hi project kiye usmein bhi thoda gadbad hua, but anyhow it ended well. I wish you the best for your future. Lagta toh hai ki next one year bhi bich bich mein muh dikhate rahenge MoRD mein.

Thirumal Reddy Vennam : You are always clear on what you want and you started from day one on what u wanted to achieve. Never mind any misunderstandings we may have that doesn't matter. You can approach anytime. Keep aiming high and don't loose trust on anyone
