**Arpit Kedia :** Bhai tere bina labs kitne bore hote main soch nahi sakta. Bada colourful character hai tu, and kitne discussion kiye hai apan ne intern ke topic pe aur courses ke time. Woh manpro waale course mein kya kuch bhi faltu project karke gaye the apan aur presentation mein kitni maza aayi thi xD. And ED lab mein alag alag rows tak tu copy karke aata aur phir apan apna shuru karte the xD. Kuch bhi situation ho, acchi ya buri, tu humesha smile karta rehta hai. Seekhne ki curiosity itni thi teri ki kitna hi bore lab ho, tu humesha TA ko kuch doubt puchta tha. Aise hi rehna, and keep in touch. All the best!

**Satyaprajna Sarthak Sahoo :** "Chal kuch dekte h" will always be our conversation starter lol. Kya mast banda haii yar tu. Games se movies se sports se acads sab me machata hai. You built my taste in movies, no doubt. Bas ghoomna reh gya. Assassins creed for life bro. Kabhi "Roma" chalte saath me. Abs banwa deta to bhai kya maza aa jata ab to. Surreal hai tu bhai. Message karte rehna. You're one of the best Ive met. Bas yaar konsi movie dekhni hai decide karle for once. Aur apna surname ka galat istemal mat karna lol. Ciao!

**Saurabh Meena :** Thoda jaldi mil lete 2 year mein, kaha bc bus ek semester hi baat hui apni, samarth ki pickup lines se lekar movie suggestions tak bc kya baat nhi kar apan ne. Bc is saal aapko weightlifting gc me gold laana tha wo bhi reh gaya. Aur movie suggestions dete rehna, ek saal me saari dekh lungaa 😂❤

**Kethan Chauhan :** 'Infinite content' is what comes to my mind when I see you. We had very quality conversations even though it seemed fun on the surface, maybe because of the wide spectrum of knowledge you bring to the table. Naam rakhne wala tha mein "3 am sessions" karke but seems like baadshah has stolen it already 😊 Hope we share more stories

**Kumar Saunack :** I think you were one of the people I always managed to find in the mess during lunch or dinner. Although I never did you see your javelin skills on the athletics field. You always preferred the gym. PS: Please don't get the weird haircut again.

**Ahsan Aslam :** Hey man..we met in the H15 mess one night and spontaneously discussed movies and ended up sharing Deadpool.It was the first movie I watched here offline.After that it was always keeping in touch with all those movie recommendations,and oh boy!your tastes are impeccable.You resemble Drake Bell from Drake and Josh,and is as cool as the character.Then there was your nerd look with the glasses and books but that phase ended pretty soon.I still remember you pulling out of that color run which I registered because of you,but I guess it was not your fault.I feel like slapping myself for not going for a movie with you after all this time.We should go for like Tenet after this Corona mess is over.
