Aryan Agal : Bhaiyya aap best ho. Met you in 2nd year in ERC, tujhe kabhi kabhi dekha tha first year mein. Tere jaise dost mushkil se milta hai. You have a work ethic matched by no one else! And you're one of my dearest friends. Bas tu busy retha hai XD. Love your attitude towards life, love your passion and with every conversation my respect increases for you ten fold. Tujhse bahut seekhne mila and tere saath H12 jaana is a different experience. We have had a lot of fun times. Stay connected(obv). I'm so happy for you and how well you have handled your life. Mujhe call karte rehna, text karte rehna, I'm always available for you. Thanks for being a pillar of support and honored to be your friend <3

Yash Samriya : CEO dude! From our adventures of XLR8, RC Plane Compi, and Skylark in the first year to discussions about Quantum technology and Space Travel, we both have shared that curiosity for technology and innovations! There is definitely a lot to be learned from you! I am sure we will collaborate someday and do something big. Wishing you loads of success ahead! :)

Bhishma Dedhia : Owais bhai _/_ Tujhe first year mein dekha tha tech events mein and who knew ki tu itna close friend banega. Convener tenure was the highlight of insti life for me. You were the glue that held the entire team together and tere work ethics were extremely inspiring. Jab pata chala ki tu startup khol raha hai tab tere liye respect 100x ho gayi. Itna busy rehne ke baad bhi logon ko itna time deta hai tu. I have learnt a lot about life from you and your choices have forced me to see the bigger picture and re-evaluate my life. Continue breaking barriers and achieving new heights! Spending time in insti with you was an honor <3

Pushan Bal : Owais, I have known you for the past five years. I first met you when we were discussing the paper after some major test in pace. Even then, and now, you exude a certain maturity uncommon for your age. In this chaotic world that is insti, where rat races are fairly common, you have risen above and found something you love and cherish. I respect you for that. Your doubts have always motivated me to probe further into the topic and increase my understanding of it. Stay in touch and all the very best for your future endeavours!

Pushkar Saraf : Yaar Owais tere jaise dil se acche aadmi kaafi kam hai iss duniya mai. I can easily say you are a much better person than I will ever be. I can also proudly say that the amount of passion and hardwork you put into your work is amazing and it intimidates me. I regret ki we couldn't make more time for each other. I am so proud of all you have achieved and I am so glad I could make a small contribution towards it by being your friend and hopefully a confidante. Aap billionaire banne pe i promise I wont expect anything apart from a few precious minutes of your life to hangout and have fun with you! Jigri dost hai tu!

Nutan Megu : oye mr ceo.. class me sabse jada doubt puchne wale maggu. I hope ki u attain great heights cuz u deserve it ... u are a very nice and helpful person as well. so just wana wish u a successful future

Toshan Kharumnuid : To the kindest, friendliest and most considerate roommate i could have ever asked for, I am in awe with your ingenuity, verve and perseverance. While the rest of us are just getting along with college, you were taking it to the next step and making the most out of every single day, setting off on your own journey right from our freshman year. I envision a really bright future ahead of you mate and you are the classic example I will be using to tell my friends and family about the brilliant people I have encountered in college and that it was indeed a privilege to have been your roommate :) Good luck with all your future endeavours, keep in touch and always be the jolly person that you are ♥

Pragya Valay : Hi Owais! You are such a positive person, Green Campus Session me bahut baatein ki humne, baad me chalte firte jab bhi mile toh haal chaal puch lete the. You once told me that whenever I feel sad, I need to make two lists, one about things I am sad about and other for about things I am grateful about, and I will always find the second list surpassing the first one. I will always remeber this. I hope you do great things in life, aise hi machate rehna <3

Trishant Roy : Owais! You are definitely one of the most hardworking and dedicated person I have met. I really admire your friendliness and down-to-earth nature. Your interest and knowledge about innovative things _/_ Remember the Biotech GC presentation? I will always remember that day. Really lucky to have a wingie like you!

Darshan Tank : Yo Owais! You are one of the most hardworking juniors I met. You work on MI App was really commendable. I really wished we got the AR app published too. :(All the best for your start up and biryani ke liye bulate rehna :D

Puneet Kaur : Hi Owais! Convener tenure was so much better with you around ♥ hamesha ready to help with work and new ideas! XLR 8 sessions were super fun! Bahut machaya hai aapne insti ke 4 saal mein _/_ smart and humble ka combination itna pyaara hai na tera 😊 I hope tera startup and tera career hamesha interesting rahe! Thanks for always inviting us all for Eid ♥ wish you all the very best for every endeavour and stay in touch 😊

Anirudh Mittal : Woah can't believe I am writing on insti's next big thing! Augle is definitely going to be huge. if not Augle, the thing you do after that will be. If not that, the next. But I am pretty sure you're going to do something crazyyyy! I could never understand why you supported me so much through everything. Means a lot :) Dono election nahi jeet paata for sure without your help. :) When you see this 10 years down the line working on your billion dollar startup and feel like remembering college, do remember that Owais in 2020 was very an extremely kind, supportive and a fun person to be with <3 #GettinGoodAtSenti
