And I can proudly say that, the success of getting murata is basically urs gifted one. You came like an shakti and fullfill my wish. An Inspirational man u r, all d best bro 4 ur future

**Rai Varunkumar Rajesh :** Those memories are still fresh when we first met in convocation hall. It was sheer luck how we ended up in the same room. I have gained a lot and improved myself since then and many of those were inspired from you. Your determination and punctuality are something I still aspire to achieve. It was frustrating sometimes when these qualities were working against me. But overall, it was a memorable journey we had!. Good luck for the future and stay connected.
