**Edwin Saji Uthuppan :** Chiku? Wtf is chiku? You are shantu! You are quirky and motivated... I will miss your fights with Ibrahim... It was great to watch!

**Rushikesh Bankar :** Bhai macha rha hai 🤔🤔 You are a hardworking guy. Lekin bohot pain leta hai life me. Vo us din ka walk bhai kya bakchodi ki thi insti me. Last day pe to mil nahi paye, ab seedha bengaluru me bottle kholenge 😎

**Ananay Garg :** Shanya - tu bhi alag character insaan hai bro. It is okay, we dont all start as equals and some of us have to try a little harder than others. Par shanya saachi tujhe na har plan mein involve karna ka man karta hai bro. Tu hai hi aisa. Thoda tension kam liya kar, sar phat jayega bhen ke l\*de. Teri ga\*nd marane ka mann kar raha hai bro. Mar lu? :\*

**Adane Sahil Ravindra :** Roomie bro! Kaafi fight maari tujhe jaanne mai in the 1st-2nd year. Ek baar utha deta yaar class ke liye! Uski wajah se darwaaza band karne ki aadat hi nahi lagi. But fir bhi, we being roomies fit because we both did our own shit most of the times. I remember your chaotic and funny breakup in the third year, that was painful I know but you are a better person for it. Itna sochke mat baat kiya kar yaar mujhse. Say what is on your mind, nobody is judging you for what you say. You are accepted the way you are. It is good to see you actively working on yourself and get better at conversing and expressing yourself. EP plans will always feel incomplete without you. You're unique. Stay in touch!

**Nirbhay Wadiwala :** Oh dude let this post be an advice from a friend..The kind of advice that guides you through life and lifts you up when youve fallen down, or more like the advice that lands you in that shit in the first place..-2>-3 , the no of people who are ordering takeaway does not change the taste of the takeaway , your roomie is important but you shouldnt be so far up in his ass and never ever wake up a person in the middle of the night to point out that theres a cow in the veerandah.. Love you babes

**Ibrahim S :** Most times i were your punching bag.. It took me years to stop those punches from you (tq Sahil for this). Still i miss those shitty loud discussion with you about the relationships and companies. Filming those random talk between you and edwin about elon musk while both of you high was one of the memorable moment (sorry for anxiety part...). Also I hope you will never end up with work colleagues like day 3 interviewer -:). I hope you will Find some ML freaks who are as competitive as you..
